REPORT

OF THE

Cumberland Presbyterian Board of Missions and Church Erection.

MEMBERS OF THE BOARD.

Terms expire in 1912:

Rev. C. E. Hayes, D.D., of Arkansas. Rev. E. E. Morris, D.D., of Arkansas.

Terms expire in 1913:

John C. Cobb, of Missouri. Isaac H. Orr, of Missouri. W. J. Edwards, of Missouri.

Terms expire in 1914:

Thomas H. Cobbs, of Missouri.

Rev. E. B. Surface, of Oklahoma.

SIXTY-FIFTH ANNUAL REPORT.

We beg to submit herewith our Sixty-fifth Annual Report to the General Assembly.

With deep sorrow we report the fact that the Board has been called upon to mourn the loss of its honored and beloved President, Mr. Thomas H. Perrin, who for more than a quarter of a century was a most active and efficient member of the Board. His life has been woven into the very fibre of the missionary history of this Church. Until the very day of his death he continued his interest. He was jealous of the progress of the work, and when by reason of affliction he was no longer able to take an active part, he sustained it by his constant prayers. He died July 25, 1910, but to those who knew him he will ever be an inspiration and guide.

The Board has elected, subject to your approval, Thomas H. Cobbs, Esq., of St. Louis, Mo., and Rev. E B. Surface, of Oklahoma City, Okla., to succeed themselves in office as corporate members until 1914, and Mr. W. J. Edwards, of St. Louis, Mo., to fill out the unexpired term of Thomas H. Perrin, deceased.

The Board has confined its efforts entirely to collecting outstanding loans due the Church Erection Fund, and to the disposition of some real estate properties.

The following claims have been settled in full since our last Report: San Antonio, Tex., Texarkana, Tex., and Rockwall, Tex. Others are in process of settlement.

We have transferred \$2,204 of the Church Erection Fund to the Board of Church Erection of the Presbyterian Church U. S. A.

There remain uncollected at this time loans as follows:

THE REPORT OF THE STANDING COMMITTEE ON MINISTERIAL RELIEF.

Action of the General Assembly at Atlantic City, N. J., May, 1911.

Your Committee on Ministerial Relief has received and considered carefully the fifty-sixth annual report of the Board of Relief and submits the following for your consideration.

The prediction of the Report of last year, which said "this year's Relief Work is the dawn of a new day, it opens up a brighter declining day for our disabled and dying fellow workers," we find has come true, for the past year has been one of continuous prosperity. We find the word "larger" written over the entire Report.

It was the year of largest popularity, 1,197 persons were on its roll of beneficiaries, hence a year of large useful-

ness and blessing.

There were added to the roll 151, the largest number in any single year. There were 93 deaths, also the largest

number for any one year.

Last year witnessed the largest number of churches responding to the appeal; 84 more than ever before recognized their just debt to the Veterans of the Church, and have

cheerfully sent their gifts.

The amount paid to ministers on the Honor Roll was not only the largest in the aggregate, but also the largest individually, being an average of \$337 for each Honorably Retired Minister and the only reason it did not reach the present maximum \$350, was that some of these worthies declined the amount in full.

The amount received from all sources was \$259,225.35, being the largest sum received in any one year in the history of the Board. These funds were collected and administered at an expense of a little more than four per cent which also included the cost of some preliminary work in the \$6,000,000 campaign.

Your Committee notes the fine equipment and splendid provision made for disabled ministers and their wives, at the Thornton Home at Newburg, Indiana, and in the Merriam Home at Newton, N. J., both of which are available

to those eligible for aid.

From the earliest days of the Board the General Assembly has reiterated the statement that all ministers and their families in need, have claims on this fund not based

upon charity, but as a just debt of the Church.

In order that persons having such claims may be relieved from all embarrassment, the officers of the Board ask the General Assembly to request Presbyteries through their Committees on Ministerial Relief to take the initiative in ascertaining the needs of those entitled to aid, and make application to the Board for the same, not on the ground of charity, but on the "Immutable principle of heaven-born righteousness."

The Committee would recommend the adoption of the

following resolutions:

Resolved (1) That the General Assembly approves the

Minutes of the Board of Relief.

Resolved (2) That the Assembly notes with gladness the success of the past year, and puts its approval upon the economical and efficient administration of the affairs of the Board by its officers and directors.

Resolved (3) (This resolution dealing with the increase of the Endowment Fund was referred back to the Committee for which a substitute was subsequently presented and referred to the Executive Commission with power to act.)

Resolved (4) That the General Assembly requests the Presbyteries, through their Committees on Ministerial Relief, to take the initiative in presenting to the Board the claims of those needing aid, and that so far as possible the circumstances of need be kept with the Committee and be not discussed in open Presbytery.

Resolved (5) That Rev. Thomas R. Beeber, D. D., Rev. Alexander H. Young, D. D., J. Herbert Jefferis, Esq., and Rudolph M. Schick, Esq. be reëlected as members of the

Board for the term of three years.

The Standing Committee on Ministerial Relief presented a supplementary report, which was adopted and is as follows:

SUPPLEMENTAL REPORT.

We recommend the approval of the Treasurer's report

which has been properly audited and found correct.

That Overture No. 208, asking that the age for honorable retirement be reduced from 70 to 65 be answered in the negative, as the funds of the Board at present, do not warrant the change.

That no further action be taken on Overture No. 299, relative to annual inquiry into the needs and circumstances of beneficiaries as the matter is practically covered by a reso-

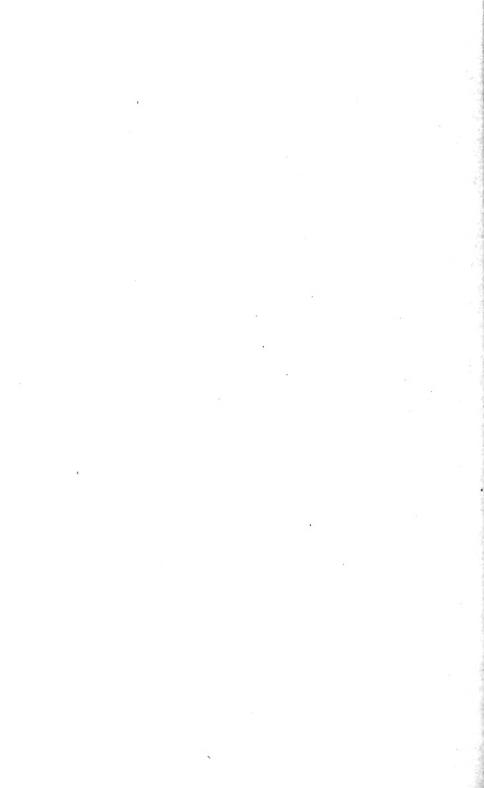

lution already adopted by this Assembly.

That Overture No. 318, seeking a change of Rule 10 of the Board, whereby, ministers coming from other denominations, and entering our Church in good faith are denied sharing in the benefits of the Relief fund, be answered in the affirmative, and that Rule 10 be altered by adding "or were under the age of 45 when they were received into the Presbyterian Church," and that this Rule be retro-active as far back as 1904, when the Rule was adopted by the General Assembly.

Respectfully submitted,

A. M. Brodie, Chairman.

ANNUAL REPORT

TO THE

GENERAL ASSEMBLY

OF 1911

THE PRESBYTERIAN BOARD OF RELIEF FOR DISABLED MINISTERS AND THE WIDOWS AND ORPHANS OF DECEASED MINISTERS respectfully presents to THE GENERAL ASSEMBLY its Annual Report for the year from April 1st, 1910, to April 1st, 1911.

THIS IS THE SIXTY-SECOND YEAR,

since the organization of Relief Work by the General Assembly of 1849, and this is

THE FIFTY-SIXTH ANNUAL REPORT OF THE WORK,

the first Annual Report having been made to the General Assembly in 1856 by the Trustees of the Assembly.

The Book of Minutes of the proceedings of the Board for the year 1910-1911 is also herewith presented.

THE ROLL.

The Board had upon its roll for the year ending March 31st, 1911, 1,197 names: 491 ministers, 628 widows, 35 orphan families, 13 women missionaries, 19 guests in The Merriam Home at Newton, N. J., and 11 guests at The Thornton Home, under the care of the Board, at Evansville,

Ind. This is the largest number the Board has ever had

upon its roll.

During the year, 151 new names were added to the roll. This is the largest number of new names ever added to the roll in any year of the history of the Board. These comprised 77 ministers, 71 widows, 2 orphans and 1 guest at The Merriam Home.

There have been 226 ministers on the Roll of Honor during the past year. Their average age is over 77 years, and the average time they have been in the ministry has been 49 years. Twenty-seven of these have been added during the year just closed, and 34 of these venerable men have died.

Since the Rule of 1889, relating to Honorably Retired Ministers, was adopted, 525 ministers have availed them-

selves of its privileges.

The appropriations to men on the Roll of Honor during the year was \$76,250, being an average of \$337, as all of the Honorably Retired Ministers did not ask for the maxi-

mum amount of \$350.

There is a large number of retired ministers in our Church who have very small incomes, and who should have considerably more to live upon than they now receive, but when they realize the suffering there is among their brethren, they do not ask for any support from the Board of Relief. They, in a true spirit of brotherhood and magnanimity, practically say to the Board, distribute the limited amount of money you receive to the families of our brethren who need the help of the Board more than we do.

DEATHS.

Ninety-three of those upon the roll passed away during the year: 67 ministers and 24 widows. One widow of a minister and one woman missionary died at The Merriam Home. This is the largest number of deaths of those on the roll that has occurred in any year in the Board's history.

AVERAGE PAYMENTS.

The average amount granted to widows during the year was \$175.

The average amount paid to disabled ministers not

Honorably Retired was \$255.

The average amount paid to ministers on the Roll of Honor was \$337.

RECEIPTS FOR THE CURRENT FUND.

For the Years 1909-1910 and 1910-1911.

Contributions from Churches and Sabbath schools Contributions from Individuals Interest from Permanent Fund. Interest from Funds held by Special Trustees Unrestricted Legacies Miscellaneous	8,200 86 87,800 00 514 00 29,391 01	5,417 46 90,799 84 615 91 45,262 75
-	\$239,042 34	\$259,225 35

RECEIPTS FOR THE ENDOWMENT FUND.

During the past year the Board received for the Endowment Fund \$34,843.01. In addition to this amount the sum of \$6,000 more is now available for the Endowment Fund by the death of one who was receiving an annuity from the Board on that amount. Thus \$40,843.01 have been added to the Endowment Fund.

By the death of Mrs. A. Schenck during the past year the sum of \$4,344.50, which she had given to the Board, on which an annuity had been paid her for several years, has been transferred to the Permanent Fund of the Board. This gives a total credit to that Fund during the year of \$45,187.51.

COST OF ADMINISTRATION.

The average cost of administration of the Board of Relief for several years has been only four per cent of its receipts. The Board has always tried to administer the sacred trust committed to its hands with all possible efficiency without incurring any unnecessary expense.

CONTRIBUTING CHURCHES.

Whilst, as usual, a large number of churches contributed nothing to any of the Boards, 4.228 gave nothing to the Board of Relief for its sacred, Christlike work, yet we have been gratified that 5,635 churches were not unmindful of the helpful and soul-cheering work your Board is doing for the 1,197 families represented on its roll. The Board is greatly gratified to be able to report that 84 more churches contributed to the Current Fund of the Board than ever contributed to it in any one year previous to the last.

THE ENCOURAGING OUTLOOK.

Too many churches (over 4,000) are still asleep, and they need to be awakened to a sense of their responsibility and to the delightful privilege of contributing to the hallowed cause of Ministerial Relief. But the morning dawns on a more generous provision for our disabled ministers and the needy widows and orphans of our ministers who have consecrated themselves to the work of the upbuilding of the Presbyterian Church in the great kingdom of Christ, and who have given their lives and their earthly all to the work in testimony of their fidelity to their ordination vows. It is gratifying therefore that the Church is more and more awakening to a sense of her responsibility and to the duty of providing a living to such families as are found to be in need through no fault of their own. Churches are contributing to our Relief Fund more generously than ever before, and we hear of more persons writing bequests to the Board as they make their wills, and the Board is greatly encouraged in its work by this ever-deepening interest in the hearts of the people generally in the sacred cause committed to its trust.

Twenty-five years ago we had-but 484 names on the roll of the Board, and it paid but \$78,499 to these annuitants. Now we have 1,197 on the roll and they were paid during the past year \$235,221. The appropriations made last year were \$17,950 more than during any year in the

history of the Board.

The average paid to widows three years ago was only \$150 a year. Last year they were paid an average of \$175. The average then paid to ministers not on the Honorably Retired Roll was but \$225. Last year the average paid to these men was \$255. The average paid to Honorably Retired men three years ago was only \$285. The average paid to these ministers last year was \$337, whilst most of them were paid \$350.

WORTHY CLAIMANTS.

Our disabled ministers who have been faithful in preaching the gospel of Christ have just claims upon the Church for a decent and comfortable living.

From the early days of the work of relief the General Assembly has asserted that all ministers' families in need

have "claims" upon the Church to the end of life.

In 1857 a report, presented to the General Assembly

of the Old School branch of the Church by Judge Leavitt, spoke of the claims of ministers and the claims of widows and fatherless children, and the report that was adopted by the General Assembly said, "It was at once noteworthy and gratifying that their claims were not based on the ground of a charitable obligation, but on the immutable principles of strict right."

The General Assembly of the New School branch of the Church said in 1864 (Minutes of 1864, page 484):

These considerations plainly indicate ministerial provision to the end of life, by the Church of Christ, to be the just claims of Christ's servants and the duty of His people. Be it noted and kept distinctly in view, that it is a claim of the one and a duty of the other, not a charity received by one and dispensed by the other.

The General Assembly of 1905 said:

The adequate maintenance of the aged and disabled ministers of the Presbyterian Church and the dependent families of the same, is to be regarded as much a moral obligation upon the Presbyterian Church at large as the payment of salaries by particular churches. (Minutes of 1905, p. 134.)

The various General Assemblies have been repeating the bed-rock principles upon which the Board of Relief has been founded, that ministers have just claims for support from the time of their ordination to the end of their Therefore the misrepresentation often made that what is given to our ministers and their families by the people through the Board of Relief is a "humiliating charity," should be silenced forever. The grand old men who have served the Church all their lives, most of whom have labored conscientiously on our Home Mission fields, ought not to be made uncomfortable with the charge from any source that what the Church pays them in the way of "relief and support" can in any sense be regarded as a "humiliating charity." The entire humiliation in the case is upon the people of the Church, who fail to acknowledge the just claims of disabled ministers and to pay them much larger annuities than they are doing, in order to make them more comfortable in their declining years. The way-worn servants of the Church should be encouraged to feel that they have claims for support, and that their claims are not based on the ground of a charitable obligation, but upon the immutable principles of heaven-born righteousness.

Your Board feels that these foundation principles cannot be too frequently nor too earnestly reaffirmed.

THE BOARD WILL BE ALWAYS NEEDED.

The number of persons receiving aid from the Board is constantly increasing. We had 151 new names added to the roll last year, and there are substantial reasons for this constant increase in the number of annuitants.

1. The number of ministers in the Church is steadily

increasing.

2. Less than half of our 9,073 ministers are settled pastors of churches, and many of these who are pastors are receiving very small salaries, and they are not able to lay by sufficient money to support their families in the days of disability.

3. One fifth of all our ministers have no reported ecclesiastical employment. The changes in the pastorate take place on the average of every four and a half years, which is largely the cause of so many ministers being without em-

ployment.

4. Experience has taught us that only 5,000 of our ministers are able to carry any life insurance, leaving 4,000 ministers who are unable to buy any insurance whatever. Many ministers commence to pay for life insurance, and are forced by uncontrollable circumstances, such as loss of work, serious sickness and many unavoidable expenses, to discon-

time paying their premiums.

5. About 4,000 churches have an average membership of only about fifty. It is more than they can do to maintain their own organizations. They are largely dependent upon the Board of Home Missions and the Board of Freedmen and the money raised by several Synods for helping their weak churches. These churches contribute very little to the Board of Relief, and they pay such small salaries that their pastors or stated supplies are utterly unable to make provision for old age or disability. Many other churches, larger than these, pay very small salaries.

Of 9,073 ministers in our Church only about 2,500 have salaries of \$1,000 and upwards. Over 6,000 ministers either have no salaries at all, or where they do have salaries, they are less than \$1,000 a year, and many of them have salaries less than \$500 a year. So that, as far as we can forecast the future, the Board of Relief will always be needed.

6. One half of the people die before they are thirtythree years of age, and many ministers die before that age, and leave young widows with little children to be cared for by the Board of Relief. 7. Women missionaries on the home field and women and medical missionaries on the foreign fields are constantly increasing. These three classes are aided by the Board of Relief, and have no other dependence in times of old age or disability when in need.

From all these considerations it is perfectly evident that

the Board of Relief will be needed for all time.

For 58 years there has been a steady increase in the number of families represented on the roll of the Board. In 1861, for example, there were but 25 names on the roll. Twenty-five years after that time there were 484, and during the last 25 years the numbered has increased

from 484 to 1,197.

"Ye have the poor always with you" is as true of churches as it is of individuals, and as long as there are poor churches in the world there will be needy and deserving preachers to be cared for in their days of disability by a general and generous provision of the Church at large. Therefore we need to have our Permanent Fund greatly augmented, and, for the time being, we need much larger annual contributions to the Current Fund from churches and individuals.

PERMANENT FUND-ACTION OF 1910.

The General Assembly of 1910 adopted the following resolutions:

Resolution 4th. That all ministers and churches are strongly urged to take all proper steps to enlist their people in the campaign to enlarge the Endowment Fund of the Board so as to enable the Directors the sooner to reach the point where they can pay \$500 to the ministers and \$300 to the widows on the roll.

Resolution 6th. That the overtures from several of the Presbyteries asking for a wide movement in the whole Church to raise the Endowment Fund by at least \$6,000,000, to add to the permanent funds of the Board, be approved, so that the annuities paid to the rightful claimants for relief and support may be largely increased.

The Board has been organizing the work for a wide movement throughout the Church to reach the men and women whom God has made trustees of wealth, and to present to them the great work the General Assembly has entrusted to the Board of Relief, and to induce them to contribute a fair proportion of their means toward furnishing a decent and comfortable living for men who are in need after long and faithful service rendered our beloved Church and for widows and orphans of the ministers who have died in the service

of Christ, and for the women who hae worn themselves

out in our home and foreign missionary fields.

In response to the request of the Board, 1,400 sessions have appointed committees to aid it in a church-wide work. And the Board would most heartily thank these sessions for their promised coöperation, and would earnestly request other sessions to make like appointments as speedily as possible.

It was a very unfavorable time at the last Assembly to inaugurate the augmentation of the Permanent Fund, for our Field Representatives have found that many pastors are unwilling to have their churches canvassed by them immediately after the agents of the Sustentation Fund have

canvassed them.

HOW TO HELP THE BOARD IN ITS GREAT WORK.

1. By materially increasing church collections.

2. By sending boxes to needy families on the roll of the Board.

3. By individual contributions to Current or to the Endowment Fund, payable in one, two, three, four or five years at the convenience of the subscribers.

4. By gifts to the Current or Endowment Fund upon which the Board will pay annuities to the givers during life.

5. By remembering the Board in writing wills. See Forms of Bequest and Devise in our Annual Report, page

34, or Manual, page 50.

6. By the establishing of memorial funds. This is a pleasant thought to many people. During the past year a beloved mother finished her life work and was received to her reward in glory. Her two daughters, realizing that it was through the instrumentality of the faithful ministers of Christ that she was instructed in the saving truths of the gospel, and that her life was beautified and her death was made triumphant, desired to establish for her a memorial, and they did so by making a generous contribution to the Board of Relief as the Jane Vance Robinson Memorial Fund. It is a pleasant and comforting thought to them that the interest of this Fund will be used for all time to relieve and support our disabled ministers and the widows and orphans of those ministers who have given their lives to the upbuilding of our beloved Church.

INFLUENCE OF PASTORS.

Experience has taught your Board, that where pastors instruct their people fully in regard to the magnitude of the work of the Board, and earnestly plead with their people to make larger contributions to the great cause, which is increasing in its magnitude all the time, the people gladly and generously respond, and feel it to be a privilege to help the Board in furnishing relief and support to the deserving.

We call attention to the fact, that some pastors still feel a delicacy about presenting the cause of Ministerial Relief to their people, because such a presentation seems to them too much like "begging for themselves." This is not a cause in which ministers are asked to beg a dollar for themselves, but one in which they are asked to plead for a decent support for their disabled brethren and the families of their

departed brethren.

When the Churches of Scotland and Ireland levy an assessment of one dollar per communicant upon their churches for the relief and support of ministers, in addition to the provision these Churches and the ministers themselves make for widows and orphans, and require the assessments to be paid, the General Assembly may well urge pastors in this country to ask for at least a liberal contribution from their people for this noble and beneficent cause of relief.

Pastors should feel that they are but nobly standing by their brethren who have borne the burden and heat of the day, and are now unable to earn a living by any possible work that they can do; and they should ignore the thought that some persons will say they are begging for themselves. Your Board knows from the sad experience of many ministers, that if the time ever comes that they will need to ask support from the funds of the Board, they will wish in their souls that the funds were very, very much larger than they are, and that they had done more to make them larger.

PRESBYTERIAL COMMITTEES.

In the gigantic work of raising \$6,000,000 additional to our Permanent Fund, the Board can be greatly helped by the various Presbyterial Committees, and especially by having an active, efficient man at the head of each Committee, who is himself profoundly interested in the sacred work committed to the Board of Relief. The Board, therefore,

respectfully asks the General Assembly to commend to all the Presbyteries the appointment of strong and suitable men, both ministers and elders, on the Standing Committees on Ministerial Relief.

WOMEN'S WORK.

The work of the Board of Relief should appeal very strongly to the most tender sympathies of the women of the Church, for we have had 628 widows of Presbyterian ministers on the roll of the Board during the past year, and 13 women missionaries.

When the women in our various congregations unite themselves in societies or relief guilds they can materially assist the Board by sending boxes to families that are in special need. Where there are several members in a minister's family to be supported, it is absolutely impossible for them to be decently clothed out of the small annuity given to each family after all the other expenses of living are paid.

We have found that women who have been preparing boxes for families on the roll become intensely interested in the work which the General Assembly has committed to the Board of Relief, and they feel abundantly repaid for all their toil and sacrifice by the beautiful gratitude of the families they have relieved. The value of boxes sent last year was \$6,530.

We need more of these societies or guilds to help the Board in supplying the actual necessities of the families recommended for aid by the different Presbyteries.

THE THORNTON HOME.

This Home is located about a mile from Newburg, on the banks of the Ohio River, and about nine miles from Evansville, Ind. The title to it is held by the Cumberland Presbyterian Board of Relief, and may be eventually transferred to the Board of Relief in Philadelphia. It has \$34,000 of endowment and fifty acres of ground. It receives persons entitled to aid from the Presbyterian Board of Relief.

THE MERRIAM HOME.

The Merriam Home is owned by the Board of Relief. It is located in the northern part of New Jersey, in Newton,

a beautiful town of 5,000 people, the county seat of Sussex

County.

The place is very healthful, and the Board tries to make the guests in the Home as comfortable as possible, and we see no reason why more of our ministers do not avail themselves of its privileges and comforts.

A Standing Committee of seven is annually appointed by the Presbytery of Newton to have charge of the Home, and the management of the Home by a Committee on the ground has proven entirely satisfactory.

The following persons constitute the Home Com-

mittee:

REV. CLARENCE W. ROUSE, Newton, N. J., Chairman.

REV. E. A. HAMILTON, Sussex, N. J.

REV. WILLIAM G. WESTERVELT, Beemerville, N. J.

HON. HENRY C. HUNT, Sussex, N. J.

MR. J. D. FLOCK, Hackettstown, N. J.

REV. J. W. MAXTEN, PH. D., Hackettstown, N. J.

The executive Committee appointed by the Standing Committee consists of the following persons:

REV. CLARENCE W. Rouse, Chairman;

PROF. PHILIP S. WILSON, Treasurer;

REGARDING THE CONSOLIDATION OF THE BOARD OF RELIEF WITH THE MINIS-TERIAL SUSTENTATION FUND.

A communication was received in the month of July, 1910, from Rev. William H. Black, D. D., Chairman of the Sub-Committee on Consolidation of the Board of Relief with the Ministerial Sustentation Fund asking the Board to "be frank" in stating the legal and practical difficulties, if any existed, in the way of consolidation.

At the regular monthly meeting of the Board of Relief September, 1910, action was taken upon this request of the Sub-Committee of the Executive Commission, and the fol-

lowing answer was sent to the Committee.

Philadelphia, Sept. 19, 1910.

REV. WILLIAM H. BLACK, D. D., Chairman of the Sub-Committee on Consolidation, appointed by the Executive Commission of the General Assembly.

DEAR DR. BLACK:

Your letter of July 21st last, addressed to the Board of Relief and to the Sustentation Fund, and the extract from the minutes of the Executive Commission, transmitted by the Secretary of the Commission, came to hand during the summer, and were considered by the Board of Relief at its first meeting since June last, on the 15th instant. I have been instructed to write you the following reply:

Your Committee, as you advise us, is charged "to make inquiry concerning the condition of the Board of Ministerial Relief and the Sustentation Fund with a view to their consolidation, if there are no legal or practical barriers which are insurmountable," and you further state "we should like your fullest counsel at as early a date as possible. Please throw into one group your suggestions, if you have any, concerning the legal difficulties, and into another group your views on practical difficulties, if any. Please be frank, as the Executive Commission desires to be wisely guided and to overlook nothing of importance in the consideration of this great question.'

Our suggestions concerning the legal difficulties that interpose themselves to a consolidation of The Presbyterian Board of Relief for Disabled Ministers and the Widows and Orphans of Deceased

Ministers and the Ministerial Sustentation Fund are: First. The Board of Relief and the Sustentation Fund are both corporations, incorporated by and existing under the laws of the State of Pennsylvania, with purposes and objects of the one separarate and distinct from the other, recognized and provided for by the laws of that state under different clauses in the laws relating to the formation and regulation of corporations. We have been advised by counsel and believe that the Board of Relief having been incorporated under the law providing for corporations for "the support of any benevolent, charitable, educational or missionary undertaking," and the Sustentation Fund having been incorporated under the law providing for corporations for "the maintenance of a society for beneficial or protective purposes to its members from funds collected therein," these two corporations are such as the laws of Pennsylvania will not permit to be merged or consolidated, and their

business and purposes to be transacted by one corporation.

We refer to the annual report of the Board of Relief, presented to the General Assembly in 1909, for a more full statement upon this point (page 12), in which it will appear that the Board of Relief and the Administrative Committee of the Ministerial Sustentation Fund concurred in the views above expressed (pages 12 and 13).

Second. Various gifts and legacies having been given and bequeathed to the Board of Relief for the purpose of carrying on the work for which it was organized and incorporated, any material change in the work, purposes and objects of the Board of Relief as now carried on and maintained might subject the Board of Relief, or any other board or organization with which it might be consolidated or united, if such change or union should take place, to litigation by the heirs or next of kin of the donors or testators of such gifts and legacies, and to a possible loss of such gifts and legacies.

Our views on the practical difficulties that interpose themselves

to a consolidation of the two corporations are:

First. The funds received by the Board of Relief are held for the general benefit of the whole number of persons in the Church at large, who are eligible to a share thereof in accordance with the rules of eligibility provided by the General Assembly, and the funds are appropriated to these persons in accordance with such rules. If the funds available should decrease, the appropriations decrease accordingly, and if the funds increase the appropriations also increase. The Ministerial Sustentation Fund having as its purpose "the

The Ministerial Sustentation Fund having as its purpose "the maintenance of a society for beneficial or protective purposes to its members from funds collected therein by providing and paying old age or disability benefits to its members who must be ministers of the Presbyterian Church in the United States of America, and of providing and paying benefits to the widows of any of them," etc., under rules of the corporation approved by the General Assembly, there would seem to be a vested interest in the assets of the Fund by the "members" or their beneficiaries which could be enforced by suit. Such a "society for beneficial or protective purposes" seems to contemplate a definite contract between the member and the Fund which could be enforced by suit, thus making the funds on hand liable for the payment of judgments which might be recovered, and if there were not moneys enough on hand after paying these judgments, other persons entitled to benefits might receive nothing.

It seems to us extremely unwise that the funds contributed by the various churches should become subject to such litigation, and some worthy ministers be deprived of any share in the churches'

moneys so contributed.

Second. We are informed that in the Sustentation plan those whose condition of health renders them uninsurable and those beyond the age of sixty years, or under some conditions sixty-five years, will not be entitled to benefits. These servants of the Church will undoubtedly have to be provided for by the Board of Relief.

Third. If for any sufficient reason a member of the Ministerial Sustentation Fund is unable to keep up the payments required of him by his application for membership in the Fund, he may fail of

benefits therein and would have to be provided for by the Board of

Relief.

Fourth. The rates of insurance which the Sustentation Fund proposes for those who are near, but have not yet attained the age of sixty-five years, are so high that ministers receiving small salaries will not be able to avail themselves of the benefit of the Fund, and their congregations being weak, will not be able to help them; and it seems to us that there must always be a large proportion of ministers in receipt of small salaries or under heavy expenses by reason of the support of their families, who will not be able to become members of the Fund. All these ministers and their families will continue for all time to need such relief as this Board affords.

Fifth. While the purposes of the Board of Relief and the Sustentation Fund both look to providing for ministers in old age and the families of ministers who may die, yet the grounds on which the Board of Relief appeals to the Church for contributions are very different from that on which the Sustentation Fund appeals. The Board of Relief appeals on the ground that the pressing needs of ministers at present disabled and the orphans of deceased ministers call for and require relief. On the other hand, the Sustentation Fund bases its appeals on the advisability of helping the minister himself provide for future needs with the aid of his congregation and the Church at large at a time when such ministers need no present relief. The experience of the Board of Relief is that only eight per cent of the ministers of the Church and their families apply to it for relief. The fair inference is that those not applying do not need relief. The plans of the Sustentation Fund contemplate making this provision for all ministers. As so many are likely not to need relief, their appeal for contributions seems to us to be wanting in the strength which the appeal of the Board of Relief has. We feel therefore that if these two objects were united under the care of one Board, it would be impossible to avoid confusion of the two in the minds of many members of the Church, and that many who would be willing to contribute to the work of the Board of Relief would not be willing to contribute to that of the Sustentation Fund, and that there would be great danger that the contributions to the work of relief would fall below the requirements of those who are in need.

Sixth. Even were it possible to have the business and purposes of the Board of Relief and the Sustentation Fund carried on and maintained by one corporation, it would be necessary to keep the assets and moneys held and used for the relief work entirely separate and distinct from those of the Sustentation Fund, and the moneys of the one could never be used for the work of the other. The confusion and financial danger from this mode of working would more than overcome any possible advantage of having both kinds of work under one management, even if that were possible.

Seventh. We have been informed that in other denominations

Seventh. We have been informed that in other denominations where a plan such as that which is contemplated by the Ministerial Sustentation Fund has been adopted a large percentage of the ministers have failed to avail themselves of it. If that be the case, and the same result should be shown in our Church, those who thus failed to become members of the Fund would have to be provided for by the Board of Relief.

Eighth. The charter of the Ministerial Sustentation Fund provides

for the paying of benefits to its members (and their beneficiaries) "who must be ministers of the Presbyterian Church," this Fund therefore leaves uncared for those who now share in the funds of our Church, and who are not ministers of the Presbyterian Church or members of the families of ministers; such persons would still have to be provided for by the Board of Relief. (This refers to

women missionaries and medical missionaries.)

We have written possibly at too great length, but our only excuse is that we conceive any radical change in the Relief work that has been carried on by our Church for the past half century, and has as we know been such a blessing to hundreds of the servants of the Church, would be unwise and detrimental to the best interests of the aged and disabled ministers of our denomination, and because we feel that the General Assembly and the great body of the ministers and laymen in the Church wish to see the Relief work advanced and increased.

The action of the Assembly at its meeting in 1909, in regard to the work of the Board of relief and in regard to the Ministerial Sustentation Fund, seems to us to express the views of the great

Presbyterian Church.

Yours sincerely,

B. L. AGNEW, Corresponding Secretary.

PROPOSED INCREASE IN THE MEMBERSHIP OF THE BOARD.

The last General Assembly adopted the report of the Standing Committee on Ministerial Relief, the ninth resolution of which reads as follows:

That the members of the Board be increased, if the way be clear, to eighteen.

This action of the General Assembly was referred by the Board of Relief to a Special Committee.

This Committee presented a report to the Board at its regular monthly meeting held on the 20th day of April, 1911. The report was unanimously adopted and is as follows:

The Committee to whom was referred the action of the General Assembly of the Presbyterian Church in the United States of America, as set forth in the following recommendation of the Standing Committee on Ministerial Relief in its report to the General Assembly: "That the members of the Board be increased, if the way be clear, to eighteen" (Minutes of Assembly, 1910, page 66), respectfully report:

That they have fully and carefully considered the proposed increase of the members of the Board of Directors. The Presbyterian Board of Relief for Disabled Ministers and the Widows and Orphans of Deceased Ministers was incorporated under the general corporation laws of the State of Pennsylvania, and its charter provides that "the business of the corporation shall be managed by a Board of Directors, consisting of twelve, and the Corresponding

Secretary and Treasurer, who shall be ex officio members." The charter also provides that the General Assembly shall at each annual

meeting "elect four persons to serve as directors."

In view of the fact that this Board is incorporated under the general corporation law, and not under a Special Act of the Legislature, as was the practice prior to the year 1874, and particularly in view of certain decisions of the courts of this state relating to the election of directors of corporations by associations other than the members of the corporation, the Committee are of opinion that it would be unwise to attempt to amend the charter of this Board by increasing the number of its directors to eighteen, as it might imperil certain rights of the Board which it now has, and therefore recommend that the Board report to the General Assembly that the way is not clear to increase the members of the Board to eighteen.

DIRECTORS TO BE ELECTED.

The term of the following Directors expires at this meeting of the Assembly:

REV. THOMAS R. BEEBER, D. D.

REV. ALEXANDER H. YOUNG, D. D. J. HERBERT JEFFERIS, Esq. RUDOLPH M. SCHICK, Eso.

Four Directors are to be elected at this meeting to fill their By order of the Board, places. B. L. AGNEW.

May 4th, 1911.

Corresponding Secretary.

THE CHARTER OF THE BOARD.

Whereas, "The General Assembly of the Presbyterian Church in the United States of America" has heretofore held and administered a Fund for the relief of its disabled ministers and the needy widows and orphans of its deceased ministers, through a committee of its Board of Trustees;

And whereas, at meetings of said General Assembly, held at Brooklyn, in the State of New York, on May 20th and 31st, 1876, it erected a Board of Ministerial Relief, and directed said Board to adopt suitable measures to obtain a proper Charter from the legal authorities of the Commonwealth of Pennsylvania;

Now, in pursuance of said direction, the subscribers, composing said Board, adopt the following as the articles of said Charter, viz.:

I. The name of the Corporation shall be "THE PRESBYTERIAN BOARD OF RELIEF FOR DISABLED MINISTERS AND THE WIDOWS AND

ORPHANS OF DECEASED MINISTERS.

II. The purpose for which this corporation is formed is to receive, hold and disburse such real and personal estate as may be given to it for the relief and support of disabled ministers and the needy widows and orphans of deceased ministers of the said Church.

III. The place where its business is to be transacted is the City

of Philadelphia, in the State of Pennsylvania.

IV. The term for which it is to exist is in perpetuity.

V. The number of its Directors for the first year, expiring in May, 1877, shall be twelve, and the Corresponding Secretary and Treasurer, whose names and residences are as follows, viz.:

Villeroy D. Reed, Camden, New Jersey. Elias R. Beadle, Philadelphia, Pennsylvania. Charles A. Dickey, Philadelphia, Pennsylvania. Henry E. Niles, York, Pennsylvania. J. H. Mason Knox, Bristol, Pennsylvania. J. Frederick Dripps, Philadelphia, Pennsylvania. John C. Farr, Philadelphia, Pennsylvania. William G. Crowell, Philadelphia, Pennsylvania. George Junkin, Philadelphia, Pennsylvania. Samuel Hood, Philadelphia, Pennsylvania. William E. Tenbrook, Philadelphia, Pennsylvania. Robert Cornelius, Philadelphia, Pennsylvania. George Hale, Pennington, New Jersey, Corresponding Secretary. Eugene G. Woodward, Philadelphia, Pennsylvania. Treasurer.

VI. The business of the Corporation shall be managed by a Board of Directors, consisting of twelve, and the Corresponding Secretary and Treasurer, who shall be ex officio members, and of whom five shall be a quorum, and such officers and committees under

its supervision as it may elect and appoint.

The said General Assembly shall, at its next annual meeting, in May, 1877, elect twelve Directors, in three equal classes, to serve respectively for one, two and three years, and until their successors shall be elected; and at each annual meeting thereafter shall elect four persons to serve as Directors for three years, and until their successors shall be elected, and shall fill all vacancies that may exist in the Board.

At least one person in each class, and on each annual election, shall be a citizen of the Commonwealth of Pennsylvania.

VII. The officers of the Board shall be a President, Vice-President, Corresponding Secretary, Recording Secretary and Treasurer, who shall be elected by the Board by ballot at the annual meeting which shall be held during the month next succeeding the annual meeting of the General Assembly, and whose duties shall be defined by the By-Laws.

VIII. All the business of the Corporation shall be conducted by the Board under and subject to the direction of the said General Assembly, and in accordance with the laws of the Commonwealth

of Pennsylvania and of the United States of America.

POWERS OF THE CORPORATION.

The foregoing Charter was obtained on October 21st, 1876, under the Act of the Legislature of Pennsylvania of April 29th, 1874, P. L. 73, and on the same day was recorded in the office of the Recorder of Deeds for the City of Philadelphia, in Charter Book No. 3, page 186, etc.
The Act aforesaid provides that a Corporation created under it

shall have the following powers, viz.:

"I. To have succession by its corporate name, for the period limited by its charter; and when no period is limited thereby, or by this Act, perpetually: subject to the power of the General Assembly under the Constitution of this Commonwealth.

"II. To maintain and defend judicial proceedings.

"III. To make and use a common seal, and to alter the same at

pleasure.

"IV. To hold, purchase and transfer such real and personal property as the purposes of the Corporation require, not exceeding the amount limited by its charter or by-law.

"V. To appoint and remove such subordinate officers and agents as the business of the Corporation requires, and to allow them a

suitable compensation.

"VI. To make by-laws, not inconsistent with law, for the management of its property, the regulation of its affairs and the transfer of its stock."

Note.—Under a decree of the Court of Common Pleas of Philadelphia County, dated October 1st, 1907, the Board was authorized to hold real and personal estate to the clear yearly value of \$150,000.

BY-LAWS.

ARTICLE I.

MEETINGS OF THE BOARD,

The stated meetings of this Board shall be on the third Thursday of each month, with the exception that the May meeting shall be on the first Thursday; and further, no meeting shall be held in July and August, but in the interim the President, in connection with the Corresponding Secretary, shall act in cases requiring attention, to report at the September meeting. The annual meeting for the election of officers shall be on the third Thursday in June. Special meetings shall be called at any time by the President, at the request of any two members.

ARTICLE II.

DUTIES OF THE OFFICERS.

Section I. It shall be the duty of the President to preside at all the meetings of the Board, to preserve order, to appoint committees, unless otherwise ordered by the Board, to give the casting vote when the body is equally divided, and he shall have the custody of the seal of the Corporation.

SEC. II. The Vice-President shall preside in the absence of the

President, and perform the other duties of the President.

SEC. III. The Corresponding Secretary shall conduct all the correspondence of the Board, and shall preserve a record showing at all times the grants to beneficiaries, and the sums actually paid them, and shall perform such other duties pertaining to that office as the Board may designate, and shall prepare the Annual Report to the General Assembly.

SEC. IV. The Recording Secretary shall keep a faithful record of all the proceedings of the Board, shall issue notices of all the

meetings and prepare a docket of the business.

SEC. V. The President and Recording Secretary are authorized, with the assent of the Finance Committee, to execute, under the seal of the Corporation, any refunding bond which may be required in order to receive any legacy bequeathed to this Corporation; and the President and Recording Secretary, when required by the Finance Committee, are authorized to execute powers of attorney, with the corporate seal affixed, as may be necessary for entering

satisfaction on mortgages.

SEC. VI. The Treasurer shall keep the accounts of the Corporation; he shall deposit the funds in such banks or other places of deposit as the Finance Committee may designate; the payments to beneficiaries and for the salaries and other current expenses shall be paid by him, as directed from time to time by the Board, on the order of the Secretary; all other funds shall be paid only on the written order of a Standing Committee or of the Board; and the Treasurer shall give security for the faithful performance of his duties, the amount to be fixed by the Finance Committee.

ARTICLE III.

COM MITTEES.

SECTION I. The Finance Committee shall consist of three members and shall have superintendence of the funds of the Board; they shall, at the regular meeting in May (and oftener if required by the Board), report the investments, value of its securities, etc.; they shall take measures to secure to the Corporation all property and

funds which may be devised or given to it.

SEC. II. The Committee on Accounts shall consist of two members, and shall examine the accounts and vouchers of the Treasurer quarterly, and report to the Board in writing, and shall make a report embracing the year to the Board at the stated meeting in May.

The General Assembly of 1909 (p. 174) adopted the following: Resolved, That all Missionary Boards and Benevolent Agencies be directed to send the audit of their certified Public Accountant

or Public Auditor to the Executive Commission.

SEC. III. The Committee on Applications shall consist of five members. It shall be the duty of this Committee to examine all new applications for aid and to report whether they have been made in conformity with the regulations of the Board, and whether the amount of aid recommended by Presbyteries may be granted, having proper regard for the ability of the Board and the need of the applicant comparatively with other cases of need aided by the Board.

The Committee shall also watch over renewals of applications for aid, and report if there be cases where the amount of aid originally granted and still applied for should be reduced or discontinued.

SEC. IV. The Merriam Home Committee shall consist of five members, and shall have general supervision of the Home and grounds and the household administration; they shall determine and report to the Board upon the applications for admission to the Home and on removals therefrom; they shall confer and advise with "The Presbyterial Committee of The Merriam Home" appointed by the Presbytery of Newton, the Matron and the guests of the Home on matters touching the order and comfort of the family; they shall authorize necessary expenditures for the maintenance, repairs, alterations, and improvements of the Home and grounds, provided the cost thereof in any given case does not exceed three hundred dollars; they shall procure and keep in order all needed furniture, and buy food and all other supplies of proper quality and quantity; and shall audit the accounts of expenditures by subordinate officers, not directly authorized by the Committee.

ARTICLE IV.

DEPOSITS, INVESTMENTS, LOANS AND LEGACIES.

SECTION I. Moneys deposited in banks or trust companies shall be in the name of the Corporation.

SEC. II. Investments shall be made and changed at the discretion of the Finance Committee, and shall be in the name of the Corporation.

SEC. III. All investments of funds which are left to the management of this Board shall be made in such securities only as are sanctioned by the laws of Pennsylvania relating to investments by

executors and trustees, or in such other good securities as may be formally authorized by not less than two-thirds of the twelve members of the Board, exclusive of the Corresponding Secretary and of the Treasurer of the Board.

SEC. IV. No loans shall be made to any member or officer of

the Board.

SEC. V. Legacies, not specifically given to the Permanent Fund, may be used by the Board in paying beneficiaries and current expenses.

ARTICLE V.

ALTERATION OF BY-LAWS.

Section I. These By-Laws may be amended by a majority of the whole Board, notice in writing of such amendment having been given at a previous meeting.

RULES OF THE BOARD Adopted by the General Assembly.

APPROPRIATIONS.

1. Only members of Presbyteries in connection with the General Assembly of our Church and the families of those who were at their death in such connection, and lay missionaries and their families, are entitled to aid; and no adults shall be entitled to aid who are not members of the Presbyterian Church in the United States of America in good and regular standing, or who do not acknowledge the jurisdiction of said Church nor submit to its discipline, unless such extraordinary circumstances should exist as to make it, in the judgment of the Board, wise and right to admit their claim.

extraordinary circumstances should exist as to make it, in the judgment of the Board, wise and right to admit their claim.

2. The General Assembly of 1889 says: "This Board works under strictly defined limitations. It is not a general eleemosynary institution. It cannot care for all the poor in the Church, or even in the ministry. Its basis of work is not need, but service to the Church." The General Assembly of 1880 directed that no appropriation can be made to ministers in ordinary cases, simply because they are poor, unless they are disabled by disease or the infirmities of age, so as to be unable to sustain themselves by some suitable employment. (Minutes of General Assembly, 1880, p. 21, and 1889, p. 32.)

p. 32.)
3. The General Assembly of 1880 directed "That, in the case of a minister who, voluntarily and in health, leaves the work of the ministry for some secular employment, and follows that for a series of years, and then, by failure of business, has come to want, such a course should ordinarily be regarded as a voluntary relinquishment of all claim upon the funds of the Board." (Minutes of General Assembly, 1880, p. 21.)

4. All appropriations are made for one year, unless otherwise ordered; and the renewals for appropriations must be made from year to year, except in case of ministers honorably retired according

to the provisions of Rule 7.

5. All the appropriations are paid in advance, provided the funds of the Board will allow this to be done. If the appropriation is not more than one hundred and fifty dollars per annum, it is paid in advance in one payment. When an appropriation is more than one hundred and fifty dollars per annum it is paid in two equal instalments, semi-annually in advance.

6. While the responsibility of recommending applicants rests with the Presbyteries, and these recommendations largely govern the action of the Board, yet there is reserved to the Board the right to appropriate according to the merits of the case and the state of

the treasury.

HONORABLY RETIRED MINISTERS,

Who have been in active service in the Presbyterian Church thirty years in the aggregate as Missionaries, Pastors, or Stated Supplies.

7. Every honorably retired minister over seventy years of age, who is in need, and who has served our Church as missionary of the

Home or Foreign Board, or of the Board of Missions for Freedmen, or as pastor, or stated supply, for a period in the aggregate not less than thirty years, shall be entitled by such service to draw from the Board of Ministerial Relief an annual sum for his support without the necessity of being annually recommended therefor by the Presbytery. When such a minister shall certify to the Presbytery the fact and amount of his need, not exceeding \$350.00 per annum, it shall be the duty of the Stated Clerk to forward the application to the Board, with his indorsement thereon as to the years of service such minister has rendered, his field, or fields of labor with the term of service in each, and his need, as determined by his income and circumstances, and also to certify that the same has been reported to the Presbytery and is recorded upon its minutes. It shall then be the duty of the Board to pay such annual amount so long as the applicant shall live, unless otherwise directed by the Presbytery or the applicant himself, in view of a change in his circumstances that may make the appropriation in whole or in part no longer necessary. (Minutes of General Assembly of 1889, p. 32; 1891, p. 44; 1894, p. 35.)

See form of application, No. 1, p. 28.

DISABLED MINISTERS,

Who have not been in the aggregate thirty years in active service in the Presbyterian Church as Missionaries, Pastors, or Stated Supplies, or, if so, are not seventy years of age.

8. An annuity to a minister who has not been in the aggregate thirty years in active service in the Presbyterian Church as a missionary of the Home or Foreign Board, or of the Board of Missions for Freedmen, or a pastor or stated supply, or having been thirty years in active service is not yet seventy years of age, is granted on the recommendation of that Presbytery, or of a standing committee of that Presbytery, to which the applicant belongs; and the recommendation in each case must be annually renewed. An application for aid, in case of such minister, should state his age, his circumstances, and the number of years he has been in the ministry; whether his wife is living or not, and the sex and age of the children who are dependent on him for support.

See form of application, No. 2, p. 29.

MEDICAL MISSIONARIES.

9. Regularly appointed Medical Missionaries who have gone out from this country under commission from the Foreign Board, and their families, shall after five years of active service also be placed upon the roll of the Board upon the same conditions as ministers. In their application for aid, Medical Missionaries and their families shall be governed by the rules that apply to ministers and their families. (Minutes of General Assembly of 1889, p. 32, and Report of Board in Minutes of Assembly of the same year, p. 240.)

See form of application, No. 5, p. 32.

MINISTERS COMING FROM OTHER DENOMINATIONS AND THEIR FAMILIES.

10. Ministers from other denominations coming into our Church or their widows or orphans, shall not be placed upon the roll of this Board as beneficiaries unless said ministers shall have rendered active service in this Church for at least five years, or were under

the age of forty-five when they were received into the Presbyterian Church. This Rule is retroactive as far back as 1904, when the Rule was adopted by the General Assembly.

11. A woman who has given herself to missionary work after five years of actual service under the Home Board, or under the Board of Missions for Freedmen, or who has gone out from this country and labored under commission from the Foreign Board, may receive aid from this Board upon the same conditions as a minister. She may be recommended by the Presbytery in the bounds of which she resides, or by the Presbytery having jurisdiction of the church of which such missionary may be a member, or by the Standing Committee of such Presbytery, and her application should have the endorsement of the Board under which she has held a commission. (Minutes of General Assembly of 1884, p. 48; 1885, p. 592; 1888, p. 33; 1889, p. 32; 1894, p. 35.)

See form of application, No. 5, p. 32.
12. If the application for aid be for a widow of a minister, it may be made by the Presbytery within whose bounds the family resides, or by that Presbytery in which the family is best known, or preferably by the Presbytery with which her husband was connected at the time of his death, or by the Standing Committee of such Presbytery. (Minutes of General Assembly of 1884, p. 48.)

Unless the applicant is well known, the Committee of Ministerial Relief should always secure the endorsement of the session of the church of which the applicant is a member, to the effect that she needs and is deserving of the aid for which application is made.

See form of application, No. 3, p. 30.

13. When a woman contracts marriage with a retired minister who is receiving aid from the Board, she shall not be entitled at his death to become a beneficiary of the Board.

14. The widow of a minister who remarries outside of the ministry, thereby relinquishes all claims upon the Board, and should she

again become a widow she would not be entitled to aid,

15. Except in extraordinary cases no appropriation will be made to the widow of a minister who has children able to give her support. (Minutes of General Assembly of 1880, p. 21.)

ORPHANS.

16. Aid may be given to orphans of ministers and lay missionaries, as the General Assembly says, who are under the age at which they are able to earn their own living; and in exceptional cases to orphans who have been from early years chronic invalids, or to those who have become chronic invalids in consequence of their care of aged and infirm parents. The same rule applies in case of orphans asking for aid, as in the case of other beneficiaries of the Board in regard to recommendations and annual renewals. (Minutes of General Assembly of 1889, p. 32; 1906, p. 35.) See form of application, No. 4, p. 31.

THE MERRIAM HOME.

17. Applications for admission to "The Merriam Home," at Newton, N. J., are to be made in accordance with the foregoing rules. Guests are admitted to the Home in lieu of an appropriation

of money. Any guest who, in the judgment of the matron, may be a hindrance to its usefulness and to the comfort of the other guests, shall be reported to the Committee in charge, who shall have power, after investigation of all the circumstances, to recommend to the Board an appropriation of money for the support of such guest in lieu of a residence in the Home. Great care should be exercised in recommending only such persons as the Standing Committee of Presbytery believes will be agreeable companions to other guests. These guests, except Honorably Retired Ministers, must be annually recommended, and are required to fill up the blank application for admission or continuance there the same as if applying for a money appropriation.

See form of application, No. 7, p. 34.

RENEWALS OF PERSONS 65 YEARS OF AGE.

18. If the renewal of an application for aid for the sum previously granted be for a person over 65 years of age, it shall not be necessary to have all the facts repeated by the applicant which were required to be given in the first application, but the Presbyterial Committee on Ministerial Relief should be satisfied that there have been no changes in the circumstances and needs of the applicant, or, if there have been any such changes, it should be informed of the same before renewing the application for aid.

If the renewal of an application for aid be for a larger sum than previously granted, the reasons for such increase should be distinctly stated by the Presbyterial Committee.

See form of application, No. 6, p. 33.

HONORABLY RETIRED MINISTERS.

Rule Regulating the placing of Ministers on the Roll of Honor of the Board of Relief as Annuitants.

Every honorably retired minister over seventy years of age, who is in need, and who has served our Church as a Missionary of the Home or Foreign Board, or of the Board of Missions for Freedmen, or as Pastor, or Stated Supply, for a period in the aggregate not less than thirty years shall be entitled by such service to draw from the Board of Ministerial Relief an annual sum for his support, without the necessity of being annually recommended therefor by the Presbytery. When such a minister shall certify to the Presbytery the fact and amount of his need, not exceeding \$350.00 per annum, and the Presbytery has recommended him for an honorarium according to his need as determined by his income and circumstances, it shall be the duty of the Stated Clerk to forward the application to the Board with his endorsement thereon as to the years of service such minister has rendered, his field or fields of labor, with the term of service in each, and also to certify that the same has been reported to the Presbytery and is recorded upon its minutes. It shall then be the duty of the Board to pay such annual amount so long as the applicant shall live, unless otherwise directed by the Presbytery or the applicant himself, in view of a change in part no longer necessary. (Minutes of General Assembly of 1889, p. 32; 1891, p. 44; 1894, p. 35; Manual, Rule 7.)

MINISTERS WHO REQUIRE ANNUAL RENEWALS.

By order of the General Assembly this form must be used by all applicants for aid; but in annual renewals, it is not necessary to have all the facts repeated which were required in the first application, if the applicant is over sixty-five years of age, and the Presbyterial Committee is satisfied that there have been no changes in the circumstances and needs of the applicant. If the applicant is under sixty-five years of age, all the blanks in the application must be filled each year.

Please fill the blanks as required by the Assembly and return to

..... Chairman.

The General Assembly of 1880, page 21, says:

"Whereas. This Board has been requested to aid ministers who are merely out of employment, etc., and

The General Assembly of 1889, page 32, says:

"This Board works under strictly defined limitations. It is not a general eleemosynary institution. It cannot care for all the poor in the Church, or even in the ministry. Its basis of work is not need, but service to the Church.

THE CUMBERLAND PRESBYTERIAN BOARD OF RELIEF

THE THIRTIETH ANNUAL REPORT OF THE BOARD OF RELIEF OF THE CUMBERLAND PRESBYTERIAN CHURCH TO THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH IN THE U. S. A. OF 1911.

The Board of Ministerial Relief of the Cumberland Presbyterian Church (said Board being incorporated under this name), respectfully presents to the General Assembly its Annual Report for the year ending March 31, 1911.

THIS IS THE THIRTIETH YEAR

since the organization of relief work by the General Assembly of the Cumberland Presbyterian Church.

The Book of Minutes containing the proceedings of the Board for the year, 1910-1911, is herewith presented.

INSURANCE ON THE OLD THORNTON HOME.

At the date of this Board's report to the Assembly of 1910 a suit was pending in the Circuit Court of the United States, for the district of Indiana, brought by the Board claiming under authority of the dissenters from the union, against the Insurance Company, impleading the members of this Board. The Company paid the amount of the insurance into the registry of the court, which, pursuant to its judgment, was paid over to this Board. The amount realized was applied to the payment of obligations of the Board incurred in construction of the new Home.

THORNTON HOME.

There have been sixteen persons as guests in the Home during the year. Rev. Robt. T. Armstrong, D.D., passed to the Home beyond, at the age of ninety-one years, on the 31st day of December, 1910. Every room in the Home is now occupied, or engaged by guests, whose applications have been approved by the Board. As a rule, happiness, contentment and grateful appreciation of this delightful place of rest provided by the generosity of the Church have characterized the guests.

Messrs. Stark Bros. (Presbyterians), of Louisiana, Mo., owners of the Stark Nurseries, proffered the donation of a large number of rare fruit trees to the Board. After careful examination of the adaptability of the ground and of the result of fruit-growing in this territory, the Board reached the conclusion that by adding somewhat to the proffered donation, an orchard could be planted, capable of producing a sufficient amount of fruit to defray a considerable portion of the expense of operating the Home. We confidently believe the project entirely feasible, and have therefore planted the orchard.

The Board has spared no pains or trouble to give to the comfort of the guests and the proper conduct of the Home, in all its features, the very best attention possible.

We confidently look forward to the time when, by increased endowment and enlarged products from the land owned by the Board, the Home can be made self-sustaining. Meanwhile we trust the liberality of the Church and of individual friends may make possible extensive improvements and the ornamentation of the grounds. With but moderate expense this delightful spot may be made the joy and pride of the Church in relation to the care of its ministers and their families. Experience convinces this Board not only of the wisdom, but of the necessity of maintaining and enlarging this Home.

During the year Mr. Robert Smith, owing to ill health, tendered his resignation as a member of the Board. The vacancy was filled by the election of Mr. George S. Clifford, subject to the approval of the General Assembly. Mr. Smith has since died and this Board gratefully records its

high appreciation of his faithful service in this cause.

The terms of the following members of the Board expire this year, viz.: Mr. Charles F. Hopkins, Mr. Albert F. Karges and Mr. Edward A. Nisbet. The General Assembly is asked to nominate their successors, to be elected for a term of three years, at the annual meeting of the Board in June, 1911, as provided by the terms of the Board's charter.

STATE OF LITIGATION CONCERNING THE UNION IN THE STATE OF INDIANA.

Two suits were tried at the same time in the Superior Court of Vanderburgh County. One entitled, Ramsey vs. Hicks, venued from Davis County; the other Bentley vs. Ulay, venued from Knox County. The judgment of the

Lower Court was the same in both cases, and appeals were prosecuted at the same time, to the Appellate Court of Indiana, which reversed the judgment of the Lower Court in one only of said cases, viz.: Ramsev vs. Hicks. The other case remaining in the Appellate Court undecided. The case of Ramsey vs. Hicks was removed into the Supreme Court, which reversed the judgment of the Appellate Court. This judgment is set out in this Board's report of 1910. The Appellate Court has authority, under the statutes of the State, to send any case pending before it into the Supreme Court, with a recommendation that former judgments of the Supreme Court, which in the judgment of the Appellate Court are not correct, should be reversed. The Appellate Court took this course in the case of Bentley vs. Ulay, and sent the record into the Supreme Court with the recommendation that the latter Court reverse itself in the case of Ramsev vs. Hicks. Three out of the five judges who rendered that decision are now members of the Supreme Court. One of the new judges has declined to sit in the present case. It can hardly be expected that the Supreme Court, after so full an investigation of the questions affecting the legality of the Union, as evinced by one of the ablest opinions of any of the Supreme Courts, on the subject of the union, will reverse itself, in so short a time. A decision is expected daily.

The Report of the Treasurer is submitted herewith.

On behalf of the Board,

S. B. Sansom, Cor. Sec'v.

Evansville, Ind., April 15, 1911.

S. B. SANSOM, Treasurer.

Having examined the accounts of S. B. Sansom, Treasurer, and compared the vouchers in his possession with entries on his books we find them correct.

J. E. WILLIAMSON, A. F. KARGES, Auditing Committee.

Since the printing of the foregoing report, the Supreme Court of Indiana has decided the case of Bentle v. Ulay, again affirming the legality of the union. This decision definitely and finally settles the question of the legality of the union in the state of Indiana.

REPORT

OF THE

Board of Directors of the Ministerial Sustentation Fund.

The Board of Directors of the Ministerial Sustentation Fund respectfully submits its Second Annual Report to the General Assembly.

The Board feels that the increased interest awakened in this agency of our Church on the part of congregations and individuals during the past year, as well as the amount of cash and time subscriptions secured, is a pledge of its ultimate and complete success.

Judging from the many letters received at the office of the Fund, commendatory of this plan of providing for the aged and disabled ministers of our Church, their widows and minor children, as well as from the reports of the Field Representatives, there can be no question as to the favor with which it is regarded by the membership of our churches, who have been made acquainted with its object and provisions.

One of the Field Representatives of the Fund, who has been soliciting in its behalf in Pennsylvania, writes: "The people, so far as I have personally heard them speak, the leading men in the congregations, are, without one single exception, most pronouncedly in favor of the Sustentation plan. I have not met a prominent layman who was not anxious to see the Fund succeed."

The pastor of one of the most prominent Presbyterian churches in Brooklyn says, that after the Field Representative of the Fund presented the Sustentation cause in his church, many of his people came to him and thanked him for the privilege of hearing about it, and the opportunity of contributing toward it. He further says, "People will give money for this Fund which you can't get for anything else."

No agency the Church has ever established has been in its first two years better supported than the Ministerial Sustentation Fund. It appeals strongly to business men who have studied its object and provisions from the fact that the ministers, themselves entitled to its benefits, are required to bear a proportion

of the cost. Non-contributing pensions is not feasible in the case

of voluntarily supported churches.

There is already in the Treasury of the Fund \$103,149.91 in cash, and over \$113,500.00 in good time subscriptions, making a total of \$216,649,91. A full financial statement is given at the

close of the report.

We especially call attention to the fact that during the year we have received in cash \$37,387.33 in the form of donations, contributions from churches and individuals, and increased our outstanding time subscription notes by \$53,937.00 at a cost to the Fund averaging 17.3 per cent. This is a considerable reduction as compared with the cost of last year.

The larger proportion of the money so far secured has been contributed by churches of average membership, and by individuals of comparatively moderate circumstances. With few exceptions, the larger and wealthier churches in the larger cities have not as yet been canvassed in the interest of the Fund.

In response to an appeal by the Field Representative of the Fund in a Brooklyn church, on Sunday, February 5, between \$3,000 and \$4,000 in cash and time subscriptions were secured. Among the subscriptions was one of special interest, although the amount was not large, being only 30 cents a year for five years. The subscriber is a young boy, who sent by mail to the Treasurer of the Fund three dimes to pay the first installment on his subscription. We feel sure should the life of this little boy be spared and he should grow up into manhood, he will look back upon his subscription to the Sustentation Fund with a pardonable degree of pride and as having been a source of blessing to himself.

A newsboy in Wheeling, W. Va., having heard the appeal made by a Field Representative of the Fund in the Church, which he attended on Sunday, called upon the Representative Monday morning and handed him \$1 as his contribution to this cause, which meant the boy's profits on the sale of at least one hundred newspapers.

A day laborer in Camden, N. J., contributed \$25 to the Fund, which is more than some churches with a membership averaging between 300 and 400 have been in the habit of contributing annually toward the relief of the aged and disabled ministers of our Church and those dependent upon them.

Up to the present time, 640 ministers, of whom 36 are foreign missionaries, have united with the Fund. The Fund is already paying annuities to eleven widows of deceased members and to six disabled ministers.

The percentage of the actual benefits has been increased from twenty to twenty-five per cent., and it is believed that the percentage can be materially increased by the close of the ecclesiastical year.

As the provisions of the plans in successful operation in the Established and United Free Churches of Scotland are not generally known, the following facts taken from the official reports of said Churches are submitted:

I. In the Established Church, there is an Aged and Infirm Ministers' Fund, which, owing to the Church's Endowments, is not so much in need of additional contributions as is that of the United Free Church.

The Established Church, however, has a Widows' and Orphans' Fund which has been in existence for 164 years, and has now a capital of about \$2,000,000. It is compulsory upon all ministers to unite with this Fund, although they have a choice of annual rates as follows: \$14.53, \$20.27, \$30.35, or \$40.22. But over and above the rate which the minister is required to pay, there is an entrance fee of \$48.50. There is, also, a marriage tax equal in amount to one year's annual rate. This tax is repeated on each subsequent marriage, unless the bride be a minister's widow who is already on the Fund.

II. In the United Free Church, there are, also, two agencies which supplement each other.

There is, first, the Aged and Infirm Ministers' Fund, which is at present maintained by invested funds, congregational contributions, etc., although the question of assessing the ministers who are prospective beneficiaries has been agitated for some time, and which in all probability will be ultimately done.

The other agency referred to is the Widows' and Orphans' Fund. Contributions on the part of ministers to this Fund are compulsory on the following terms: (a) An entrance fee of \$48.50, payable in two annual installments; (b) an annual payment of \$33.95; (c) a marriage tax payable on entry of married members, and on marriage of those who enter the Fund unmarried a tax of \$24.25, if the age at marriage, or admission of the newly married member, is under 45, or \$48.50 if the age is greater than 45.

The Presbyterian Churches of Ireland, Canada, and Australia combine the features and provisions of the two Scotch agencies, as the Sustentation Fund of our Church does. It is generally admitted, however, that the plan adopted by our General Assembly, and now in operation, is superior to either of the others just named. An ex-Moderator of the General Assembly of the Presbyterian Church of Canada says of it: "It includes the best features of the corresponding scheme in our Church in Canada, and is free from some of the defects of ours."

In formulating the Sustentation plan adopted by our Church, the Assembly's Committee had the advantage of having before it the plans in operation in the Presbyterian Churches of the countries referred to.

The object of the Fund is to make suitable provision for the ministers of the Presbyterian Church in their old age or prior disability, and for the families of deceased ministers, in such a way as to be definite, certain and dependable.

From the fact that the Fund is not operated for profit, the total rates, that is to say, the church's proportion and that of the minister, is from 20 to 25 per cent. less than those of any

insurance or annuity company.

Several of the other Protestant denominations have this plan of providing for their aged and disabled ministers under consideration, with the view of adopting it and putting it into effect. The Secretary of the Fund, by invitation, addressed the Manhattan Association of Congregational churches and ministers on the Sustentation plan at its regular annual meeting which was held in Christ Congregational Church, New York, on Wednesday, April 26th. The Association unanimously adopted a resolution requesting the National Council of said church to consider the advisability of creating a Pension Fund for its aged and disabled ministers, their widows and minor children, similar to this Fund.

The Legislature of the State of New York, which has the most stringent insurance laws of any State in the Union, adopted in June, 1910, an amendment to said laws legalizing all beneficial societies organized and established by churches, for the protection and support of their priests and ministers. This amendment was introduced and adopted by the Legislature at the suggestion of those connected with the management of the Sustentation

Fund.

The following resolutions are submitted for adoption:

Resolved, 1. That the Report of the Board of Directors of the Ministerial Sustentation Fund be and hereby is approved.

Resolved, 2. That one page in each issue of the Assembly Herald be allowed the Fund on the same conditions as apply to the other

agencies of our Church.

Resolved, 3. That the Stated Clerk be instructed to present the following names to the annual meeting of the Ministerial Sustentation Fund to be held on the third Tuesday in June, 1911, as the names approved by this Assembly for members of the Board of Directors of said Fund for the term expiring June, 1914:

Robert Hugh Morris, D.D., Rev. John Calhoun, D.D., Mr. F. M. Braselmann.

Mr. P. Potter, Mr. I. Layton Register,

In behalf of the Board,

ROBERT HUNTER, President; JNO. R. SUTHERLAND, Secretary.

FORTY-SIXTH ANNUAL REPORT

OF THE

BOARD OF MISSIONS FOR FREEDMEN

OF THE

Presbyterian Church

IN THE UNITED STATES OF AMERICA

TO THE

GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH

FROM MARCH 31, 1910 TO APRIL 1, 1911

The Board of Missions for Freedmen respectfully presents to the General Assembly its Forty-sixth Annual Report.

We are thankful to be able to say at the beginning that we have again closed our fiscal year without any outstanding financial obligations.

Our work has had a natural and healthy growth. We have received more money, and expended more money, this year than in any other year in the whole history of the work.

We have reason to believe we have done more good, in the way of enlightening the minds, reaching the hearts and moulding the characters of the people under our care.

We have been very careful in the matter of expanding our work. We have done this year somewhat more along this line than in other years; but we have been very slow to promise additional help, in any case, without first having some idea as to where the money for that additional help was to come from.

During the past year the Annual Congregational Collections from the Churches was \$6,577.81 more than the year before.

The Sunday Schools increased their gifts to the Board's work by \$836.20.

The Young Peoples Societies made a gain of \$2,526.66; and the Woman's Societies went ahead of last year by \$1,529.94.

The receipts from Miscellaneous Sources increased \$3,670.99, and the interest from invested funds advanced \$2,125.31.

Receipts from legacies were \$12,550.55 less than the year before. Nevertheless, notwithstanding this decrease in legacy receipts, the sum total from all sources exceeded last year by \$6,577.81.

Leaving out the item of legacies, which is not a very dependable source of income, our receipts from regular sources exceeded last year by \$14,141.60. This last item is the measure of the increased interest of the living, in our work.

The number of churches that helped us in any one way, this year was 5,252, an increase of 279. The number of churches that helped us by congregational collections was 4,950, an increase of 229.

The number of Sunday Schools that contributed to the Board direct was 356, a decrease of seven, and the number that contributed through the Woman's Board was 541, an increase of 72, showing that the small loss in the number contributing direct was not only made up in the number contributing through the Woman's Board, but that there were 65 more added to the total list, these being 897 this year as against 832 last year.

The number of Young Peoples Societies contributing direct to the Board was 47, an increase of only 2; while through the Woman's Board the number was 1,095, an increase of 177, the total increase being 179. The total receipts from all sources were \$214,377.24, being the largest amount ever received by the Board in one year.

The following is a tabulated comparative statement of receipts for this year and last:

	1909-10)	1910-1	1			
Churches\$	67,817	78	\$ 76,257	04	Increase	\$8,439	26
Y. P. Societies	9,284	90	11,811	56	"	2,526	66
Sabbath Schools	9,264	01	10,100	21	"	836	20
Woman's Soc'ties.	58,791	20	60,324	14	"	1,529	94
Miscell. Sources	13,282	70	16,953	69	"	3,670	99
Int.on Inv. funds.	10,337	31	12,462	62	"	2,125	31
Legacies	39,016	53	$26,\!465$	98	Decrease	12,550	55

The amount of money given to Church work on the field, including Church building, repairs, contingent expenses and Ministerial support, as reported by our Ministers in their annual reports to us, was \$65,109.01.

The amount given by patrons and friends of our School work, as reported this year from our teachers on the field was \$80,380.47.

The total amount gathered for both Church and School work on the field, and reported to the Board, but in no way going into our treasury, or in any way included in the Treasurer's statement of receipts and expenditures, was \$145,489.48.

In addition to this, the Churches under the care of the Board gave through their Annual Congregational Collections \$1,113.13 to the Freedmen's Board, and to the other Boards of the Church they gave \$2,465.72.

Taking the amount raised on the field for Church and School purposes, and adding to it the amount given by the Churches to the Benevolent Boards of the Church, we have a sum total of \$149,068.33 passing through the hands of our ministers, elders and teachers on the field, and expended by themselves, directly and indirectly for their own good in their own communities; and for the good of others in other parts of our own land and the world.

In making up this estimate, we have included a number of churches that were many years under our care but are now self-supporting. They are still part of our work. They are that part of our work that is taking care of itself. On the other hand there are a number of these self-supporting churches whose figures we do not include, since regular reports are not now made by them to the Board, We only include such of these self-supporting churches as were kind enough to send us the desired information. In the list of ministers given in our report, having charge of churches, there are 23 whose churches are supporting them. Some of the ministers have two churches, and these two churches together take care of their minister and do not ask the Board for help. In this way there are, in all, 38 self-supporting churches in our work.

In most of these cases the ministers receive their entire support from the churches they serve—but in a few cases the minister's support is supplemented in other ways, but not from the treasury of the Board.

We give below a condensed statement of the extent of our work:

During this past year the Board has put into operation a scheme which it has had in mind for several years, but which it did not see the way clear to inaugurate sooner. Mrs. Virginia P. Boggs, when General Secretary of the Woman's Department of our Board, interested the various Woman's Societies in starting a fund to be used in establishing farm homes for worthy colored families, these farm homes to be grouped around some educational and religious center. Before the plan was perfected, Mrs. Boggs entered into her rest, and a Memorial fund was raised the following year with which to establish the Boggs Academy near Keyesville, Ga., as a memorial to her work and worth. Subsequently the Board decided that no more appropriate place could be selected for the carrying out of the long contemplated Farm Homes Scheme than right around Boggs Memorial Academy; and so the money secured by Mrs. Boggs during her life time and kept by the Board for this purpose, was used in making the initial purchase of one hundred and thirty-nine acres in the immediate neighborhood of the Memorial Academy.

Soon after this purchase, a larger tract of land was offered at a temptingly low figure, and the Board decided without further delay to enter more fully upon the Farm Homes Scheme that it had had in mind for some years past.

Accordingly within this year, with available funds, it has purchased in all nearly one thousand acres, and a special committee of the Board was appointed to mature and suggest such regulations and methods of procedure, as would yield results most desired. The following suggestions were made and adopted:

- 1. To use in this new department of the work of the Board \$15,000 of funds available for general purposes, and to make an effort to increase this fund to not less than \$25,000.
- 2. To invest part of this fund in farm land, suitable for division into smaller farms of from ten to forty acres each.
- 3. To sell these small farms to reputable negro men of families, Presbyterians preferred, at fair prices, and on easy terms.
- 4. To assist the purchasers to build houses, buy tools and seed, and meet living expenses during the earlier years of occupancy, by advances of cash from the fund—said advances to be repaid with a fair rate of interest, out of the annual savings of the farms.
- 5. To employ capable superintendence for the purpose of advising and directing the purchasers in their work, so that they may be helped to succeed with their crops, and to be able to make

payments of these advances, and on the purchase price, that they may, in the end, own their farms; and that in this way we may help to build up moral and industrial communities.

6. Each farm, as a rule, should be rented for one year, and at the end of that time, if the family proves worthy, the farmer may buy, at a reasonable price, payment to be made in five annual instalments, with interest—bond for title to be given when the first payment is made.

The privilege of withdrawing from this arrangement is provided for, in case of sickness, death or other interruption of plans, on terms fair to all parties.

All this work is to be done in co-operation and in harmony with the educational and evangelistic work of the Board.

Applications of would-be renters and purchasers have already been received, more than enough to take up the entire acreage now owned by the Board. Proceeds of sales are to be used in the purchase of additional land.

Another project which the Board has been for several years trying to carry through, has reached a point this year where success is assured, and that is, the securing of a Library Building at Biddle University, Charlotte, N. C.

It has been some five years since Mr. Andrew Carnegie, through the late Dr. Sanders of Biddle University, offered \$12,500 toward a Library Building, when a similar amount had been raised for its endowment. The funds for this purpose came in so slowly that we almost despaired of ever fulfilling the imposed conditions. The amount reported raised up to last year was a Since then funds came into the Board's hands little over \$5,500. from an unexpected source, sufficient to complete the required amount; and on reporting our success, and submitting our plans to our generous friend, instructions were immediately given to his cashier, to pay over to us, such amounts as may be needed from time to time, up to the full limit of \$12,500, as the work progresses. The contracts are signed and the work already begun, and by the time the College term opens in the Fall, a handsome, convenient and commodious Library Building will adorn the campus of the Biddle University. We are glad not only that we are soon to have the much desired building, but we are now glad also that we have the "Endowment"—the proceeds of which will keep up the building and the library, without further expense to the Board.

The building will have a basement in which will be located a lecture room, a storage room, etc. On the main floor will be a reading room, a board-room, and a stack room. The stack room will have a capacity of 5,000 volumes in the wall stacks, and 11,000 volumes in the floor stacks, which will be installed as they are needed.

Still another realization of deferred hopes fills our hearts with gladness, as we look forward to the not far off re-establishment of Harbison College, the main building of which was burned by an incendiary a year ago last March, at Abbeville, S. C. took the Board some time to realize the changed conditions of things, caused by so unexpected and so untoward an event. The question of rebuilding in the same locality, or moving the institution to some other part of the state, could not be settled all at once. A number of other places were desirous of having the school located in their midst. A petition was circulated and signed by a goodly number of Abbeville's prominent and influential citizens, to have the school remain in the town. For many reasons this would have been our choice, but the culprit who did the burning was unapprehended, and presumably still living in the community, and might in an evil hour be tempted to repeat his wicked deed. In the midst of this uncertainty, the attention of the Board was called to the advantages of the little town of Irmo, about ten miles out from Columbia, S. C., as the place for our future Harbison College. A committee from the Board visited the locality and strongly recommended the selection of this place. A suitable tract of land containing about four hundred and forty-five acres was offered for sale on reasonable terms, and another tract adjoining, consisting of forty-seven additional acres, was offered us as a free gift if we would establish our school at that point. The offer was accepted, and the Board now owns nearly five hundred acres at Irmo, S. C., and plans have already been accepted for a \$20,000 building, as the beginning of what we hope will become in the near future a large and useful educational Institution. The Harbison Estate will contribute \$10,000 toward the cost of this initial building. There is, however, to be one important change in the character of the new Harbison College at Irmo: It is to be distinctly an Agricultural College, and it is to be only for Boys and Young Men. The students are to be thoroughly trained in modern, scientific and intensive farming, and other industries are to be added, as the way opens for expansion of the work. The literary course, as previously maintained, is not to be abandoned or neglected, and above all, the religious influence of the school is to be emphasized, with the hope that no young man may leave the institution without having learned that the fear of the Lord is the beginning of wisdom. Such is the plan of the future Harbison College at Irmo, S. C., as it lies in the minds of the members of the Harbison family, and as approved of by the Board. The building plans are already agreed upon, and it is hoped the new building, known as the Administration building, will be ready for occupancy in the early fall of this year.

This more extended reference to Harbison College is made here, because of the many inquiries from its former friends and supporters as to what its future is to be, and as to why the school was not re-established this last year. The Board has moved in this matter as rapidly as the circumstances of the case would allow.

Mention was made in our last report of the generous offer of \$5,000 toward work among the colored people of Kentucky, if the churches of that state would carry out the resolution passed, in their Synod that year, to contribute \$1,500 toward our work within the bounds of their state. Circulars were sent out to the Kentucky churches stating the case, and before the next meeting of the Synod, the whole amount, and a little more, was sent in to our Board, for the improvement and enlargement of our school at Camp Nelson, Ky., known as the John G. Fee Memorial Institute. On the announcement that the \$1.500 had been secured. Mr. John A. Simpson, of Covington, Ky., promptly sent us his check for \$5,000, to be invested permanently, the interest of which is to go to the promotion of the work at Camp Nelson; or should that fail, to any other similar work within the bounds of Kentucky, to which the Board might in the future wish to appropriate it.

The agricultural feature of the Camp Nelson School is being developed this year. The farm is being stocked with necessary implements, and portions of land are being assigned to the different boys, who are put in communication with the right authorities, at Washington, D. C., who are offering prizes to boys and young men who succeed best in their efforts at practical farming. A healthy impatience grew up in the minds of the boys during the winter, in their eagerness for the time to come when they could begin their competitive efforts at cultivating the soil.

We still continue to sustain a teacher at Bowling Green School, at Bowling Green, Ky., which belongs to the colored Cumberland Church, and is in no way under the care and control of our Board. His work is to teach the Bible, and train, as far as he can, the

young men of that Church, who are seeking to enter the Christian Ministry, many of whom are so poorly prepared to exercise the functions of so high and so sacred an office.

The Christian people of Louisville, Ky., have become greatly interested in the evangelistic and industrial work among the colored people as carried on by Rev. John Little, a minister of the Southern Presbyterian Church. The churches of Louisville (the Southern and Northern Presbyterian Churches and the Reformed Churches) formed a corporation for the purpose of supporting this work, and in response to an appeal to us for help, our Board has this year made them a substantial contribution. Thus the Freedmen's Board has been interested this year in three phases of work among the colored people in Kentuckyin work carried on by the Colored Cumberland Presbyterians, in work under the auspices of the Southern Presbyterian Church, and in work under the auspices of our own church. For this neighborly act of our Board toward the work in Louisville, some of our own churches in that city have promised to do more for us in our own work, than they have been doing in the past; whether they do or not, we feel sure that the money we have given will not be lost to the general cause of negro education.

The members of the Freedmen's Board, as they travel about, are constantly impressed with the lack of information concerning our Board with which many good people are afflicted. A minister of the gospel, apparently in middle life, at one of the Assemblies, asked a representative of the Freedmen's Board in which city that Board was located. An elder in one of our larger churches, came into the rooms of the Freedmen's Board, and after a little preliminary conversation, inquired if the work of the Board extended all over Pennsylvania, and when told that it extended all over the United States, he then inquired as to how long it had been in Pittsburg. When the answer came—"over forty years" he seemed quite surprised. A treasurer of a large church in a distant city, sent a church collection of \$78 for Freedmen to New York City. When the letter was returned to him, he re-mailed it to the Stated Clerk of the Assembly, in Philadelphia, and asked him to see that it got to the right place Our Board, feeling that it would be much better for our cause, if the peopple were better informed as to what we are doing, appointed recently a committee on Publicity. The question which this committe was to consider, was as to how we could get clearly before the people the nature, the claims, the needs, the extent of our work. This committee reported that the subject referred to them was of wider scope,

and of more fundamental importance than the mere publication of literature: that there was need of a closer supervision of the work on the field, as well as a constant and judicious presentation of the cause in its concrete features to churches and individuals; that the work was too great and varied for one man, especially for a Secretary whose office work is so exacting, and who also does the work of a Treasurer; and that it was the judgment of the committee that an Associate Secretary should be employed, whose duties should be to make personal visitations to the field for purposes of review, correction and advancement: also personal presentation of the cause to the churches, before individuals, congregations, Presbyteries, Synods and Assemblies, for the purpose of stimulating and persuading the church to prayer and larger giving, in behalf of this work.

As an outcome of this inquiry and report, the Board on the 6th day of last December elected Rev. John M. Gaston, as Associate Secretary. Mr. Gaston, at the time of his election, was pastor of the Friendship Avenue Presbyterian Church of Pittsburg. He, after due consideration, accepted the offer of the Board and began his labors on the 15th of January last. Mr. Gaston has been in the ministry some sixteen years, and is eminently fitted for the work to which we believe God has called him. Mr. Gaston's first work was to spend some six weeks in the South, visiting a large section of our work. Everywhere he went he met with a hearty welcome from our workers, who are always anxious to have someone from the Board to come and see their work: having the confident assurance that to see it and know it thoroughly is to help it more generously. Already the number of requests coming in to the Board for Mr. Gaston's services indicate a general desire, not merely to learn more about the work, but to learn more in order to help more.

Those of us who have been so long and so closely connected with the work are quite sure that could the church at large be made to realize its needs and its importance, both to our church and to our country, we would never want for the means with which to sustain and extend it.

One of the most efficient aids to the Board in the prosecution of its work is our Woman's Department. It is not only a present help in time of need, but it is indispensable to the growing success of the work. Through this department the Board receives nearly all of the Scholarship money that goes to the support of the needy students in our many institutions. Many of the salaries of the teachers are obtained in this way, and nearly all of

the money used for new buildings is raised through this department, and usually raised before the buildings are begun.

If a new teacher is called for in some one of our growing schools, the Board approves of this addition to the teaching force, provided a salary can be found through the Woman's Department. If a poor and needy student wants to enter one of our schools, but cannot be taken in unless the prescribed scholarship money is secured, the case is turned over to the Woman's Department with favorable recommendation. If a new building is needed to meet the demands of a growing school, it is the Woman's Department that usually undertakes to raise the money. During this last year the Woman's Department brought into the treasury of the Board \$84,468.92; \$60,324.14 of this came from the Women's Societies, and the rest mainly from Sunday Schools and Young Peoples Societies-through our Woman's Department. It is easy to see how very much our Board is indebted to its Woman's Department, and how indispensable to our success is the aid they render.

We rejoice with Mrs. Susan L. Storer, the General Secretary of this department, over the fact that this past year has been their most successful year. The annual report of Mrs. Storer is printed along with this report, as an appendix—and special request is made that it be carefully read.

We have only attempted to give in this report some of the main features of the work as carried on during this past year.

There are many minor items of interest that have been dealt with week after week as they have come up for the consideration of the Board, that are not necessary to be given in detail in order to set forth a comprehensive view of the general trend of things. These minor happenings are all recorded in the Minute Book of the Board, and are submitted to the Assembly each year for inspection and review. They form a continuous and accurate history of all that has been done during the year.

We would not wish to make the impression that there are no difficulties connected with the management of the work. There are many questions that come up for settlement that call for patience and prudence and the very best judgment that the members of the Board can bring to bear upon them. We would not wish to make the impression that the work is equally prosperous in every part of the field. It would be unusual if this were so. Some men are better qualified than others, for doing the same kind of work. Two men equally qualified may have very different kinds of fields, the one hopeful—the other hard

As with other races, much depends on each worker getting in his right place, and getting his right kind of work. A worker may do very poorly in one place, and be a marked success later in some other place. Matters of this kind adjust themselves, if given time, but some loss is sustained in the process of adjustment.

The work as a whole, however, as set forth in this year's report, is a work of which the church need not be ashamed. It is a great and growing work. It is spendid in its intentions, and its achievements. It means no harm to any living being. Its dominant purpose is betterment. Its mission is one of rescue. Its wish is to plant hope in the human heart. Its desire and prayer to God is that the people to whom it ministers may be saved.

There were 32 more workers on the field this year than last. There were nine more schools maintained. There were 1267 more pupils taught. There were four more churches that placed themselves on the self-supporting list. The people on the field gave \$10,007.35 more than they ever did before toward the Christian education of their own children and the maintenance of their own gospel privileges. And the living friends of our work, on whom it depends for its continuance and growth, increased their gifts by \$14,141.60. In 398 pulpits a pure gospel was preached-and 15,664 children and youth were taught daily that the chief end of man is to glorify God and to enjoy Him forever; that the word of God, which is contained in the scriptures of the Old and New Testaments, is the only rule to direct us how we may glorify and enjoy Him; that sin is any want of conformity unto, or transgression of the law of God, and that the only Redeemer from sin and death is the Lord Jesus Christ, who being the eternal son of God, became man and so was and continueth to be both God and man, in two distinct natures and one person forever.

Not all—or even the majority—of the thousands of pupils that pass through our schools find their way into the Presbyterian fold, but if they go out, with these fundamental and far reaching truths lodged in their hearts, it is of secondary importance as to which church they choose for their spiritual homes. They have received the leaven of the gospel, and through their altered lives, who can tell how many more are reached and saved?

This work as carried on by our Board is the contribution of our church toward the leavening of the whole lump. It is a blessed work for which those who, by their gifts, keep it alive, and moving and growing, and they shall not go without their reward.

They that be wise shall shine as the brightness of the firmament, and they that turn many to righteousness as the stars, forever and ever.

Rev. David S. Kennedy, D. D., for many years the Vice President of the Freedmen's Board, and also Chairman of our School Committee, in accepting the new work to which God has called him in another part of this state, will necessarily lead him to sever his connection with the Board. In the removal of Dr. Kennedy to Philadelphia the Board suffers a distinct loss. His long experience in the work made his counsel of great value. In going from us he will carry with him the best wishes of every member of the Board for his abundant success in his new field of labor.

The time of service of the following members expires with this Assembly:—Rev. S. J. Fisher, D.D., Rev. H. D. Lindsay, D.D., Robert S. Davis and Willis A. Boothe, Esq.

We ask that they be re-elected.

REV. S. J. FISHER, D.D.,

President.

E. P. COWAN,

Corresponding Secretary
and Treasurer.

JOHN M. GASTON,

Associate Secretary.

ACTION OF THE GENERAL ASSEMBLY

ΑT

ATLANTIC CITY, N. J., MAY 1911.

- 1—We congratulate the Board, this banner year, upon its forty-sixth anniversary, marked by the erection and endowment of the twenty-five thousand dollar Library at Biddle University, Charlotte, N. C.
- 2—We commend the members of the Board for their fidelity to the scriptural injunction of economy without parsimony; for their prudent business principles directing this great trust; for successfully stimulating the beneficiaries to self-help, by "helping those who help themselves"; and for that catholic spirit of Christianity which answers the cry for help coming from beyond the confines of our own community.

RESOLUTIONS.

- 1—That the Treasurer's Report, audited by a public accountant, and the Minutes of the Board, be approved.
- 2—That the thanks of this Assembly be conveyed to that noble band of women co-operating as the Woman's Department of the Freedmen's Board, whose self denying efforts have made possible the splendid achievement of this banner year.
- 3—That the Board be advised to assist the Colored Cumberland Church on the most liberal scale possible consistent with its other obligations, and that our church in the midst of which these needy people live should be aroused to aid them with special liberality far in advance of the past, while the Board is authorized to aid them from other sources as it may be able.
- 4—That the Board encourage special Evangelistic effort among the churches, and, if the way be clear, procure an Evangelist, sane, safe and sound in the faith, to assist pastors in special services.
- 5—That this Assembly heartily endorses the Farm Homes Scheme, and encourages the Board to extend its usefulness as rapidly as funds may be provided.
- 6—That the Rev. S. J. Fisher, D. D., Rev. H. D. Lindsay, D. D., Robert S. Davis, and Willis A. Boothe, Esq., whose terms expire, be re-elected.

Signed. Francis Edward Smiley,

Chairman of Standing Committee on Freedmen.

TWENTY-SEVENTH ANNUAL REPORT

OF THE

FREEDMEN'S DEPARTMENT

OF THE

WOMAN'S BOARD OF HOME MISSIONS

In submitting to the Woman's Board of Home Missions the twenty-seventh annual report of your Freedmen Department, we come with thanksgiving to God for the way in which He has led us through the year.

He has carried us beyond our prayers and plans, enabling us to report larger contributions than ever before.

There has been an increase of 70 Woman's Societies. 72 Sabbath Schools, and 177 Young People's Societies, and the following table will show the whole number of each and their contributions for the year just closed:

Woman's Societies, 3,377	\$60,136.68
Sabbath Schools, 541	6,483.94
Young People's Societies, 1095	11,555.30
Individual and Miscellaneous	6,293.00

\$84,468.92

The Sabbath Schools contributing direct to the Poard are 356, making a total of 897 which have obeyed the General Assembly's injunction, and given an offering to the Board of Missions for Freedmen. If the other nine thousand would do likewise, our work could advance rapidly. We are glad to report advance in each organization, and this should be an incentive to renewed consecration and higher aims for the year upon which we are entering. Reports should be most interesting reading, will be, to all those who have contributed and helped to make possible the work which has been done. To those who have not, may their attention be arrested sufficiently to cause them to look into this field, and learn what the Lord has for them to do; there is work for all, and all will have to give account.

Christ organized His church for mission work and committed it to the hearts and hands of His disciples.

In this twentieth century the very air is surcharged with Missions, and to be able to meet our responsibilities we must acquaint ourselves with all the God-given work, which through His church He places before us, and I ask you to come into this field and see something of the work being done through your Board of Missions for Freedmen.

To this department they have given the school work and school buildings, and to these I particularly call your attention.

In the school work, this year has been one of prosperity—the monthly reports from the principals are all encouraging—the attendance has been larger than ever, and many students had to be denied admission for lack of room. The spiritual life has been quickened and strengthened. Many students have come out on the Lord's side. The health of scholars has been good, and there has been no fires or storms to destroy lives or property. The teachers have been faithful in their duties, many of them very much overtaxed in their labors, having perhaps twice as many pupils as one teacher can well manage. We realize that the very best work cannot be done with 75 or 100 pupils in one room, and only one teacher. Yet we can say that very good work is being done under just such conditions. The teachers are willing to do this, in order that more children may have the advantage of Christian training.

We have been able to secure twelve new salaries this year, and give this number of new teachers to relieve the forces of some of our overcrowded schools, but we have been compelled to say No to several others who are "holding the fort" as best they can.

Will it not be wise to plan, this coming year, to come to their rescue and give them help? Several of our day schools are outgrowing their quarters and becoming really boarding schools. This is the way most of the schools under the care of the Board have grown. From a few girls and boys gathered into one corner of the little church, or more often into the home of the teacher until more room could be provided, have grown most of our Seminaries and Co-educational Schools, and we now have several more which must be furnished larger quarters, or greatly hinder the work of transformation which takes place in so many lives when they come in contact with the gospel of Jesus.

This is some of the work being done through your gifts and prayers.

SOME PROBLEMS SOLVED.

The Board was fortunate in securing Rev. H. V. P. Bogue, D.D., and wife, to assume the care of "Mary Allen" Seminary at Crockett, Texas, after the death of Dr. Smith.

They left their parish in Nebraska last August and took charge of this (to them) new and untried field, and bravely and with earnest Christian spirit have they met and solved the problems which have come to them. Their letters are always cheerful. Not only has the school, with its 230 girls, to be managed, but the farm also, and all repairs, which gives them a strenuous life. The faithful teachers have stood by them and helped to make things easier for them in their new experiences, and so the good work continues there.

Harbison College, which was destroyed by fire a year ago, has been quite a problem to the Board. Much wisdom and care were required in securing a new location, and after much consideration it has been decided that at Irmo, South Carolina, about ten miles from Columbia, it shall be rebuilt and established as an Agricultural College for Boys. A farm has been purchased, plans prepared for an administration building and dormitory combined, with the expectation of having it completed by October for the opening of the fall term. It will still be under the care of Rev. C. M. Young and wife.

The new dormitory for girls at Oak Hill, Oklahoma, in memory of Mrs. Alice Lee Elliott, and whose name the school now bears, has been completed and gives great comfort and satisfaction.

Hodge Academy, Washington, Ga., under the care of Rev. J. R. Harris, has been needing repairs for several years; these we were able to make this last winter, and a new teacher given them, which have been a great blessing to their work. Savannah School building was completed last fall, giving them much more room and better facilities, and they very much need another teacher.

Biddle University has, through its Alumni and the Negro churches, with aid from the Board, been able to secure \$12,500, which Mr. Carnegie promised to duplicate, for a library building and its endowment, and a beautiful building is now being erected.

The Billingsley Memorial School at Statesville, North Carolina, has been given some much needed repairs and equipment, thus making their work more effective.

The Board has purchased one thousand acres of land near Keyesville, Ga., at Boggs Academy. This land is divided up into small tracts to be rented or sold to good Negro families, and thus carry out the "Farm Homes Scheme" which has been in contemplation for some time. Rev. J. L. Phelps, principal of Boggs Academy, has charge of this plan, and seems entirely competent, under the Board's direction, to carry out the idea, and have a good Christian community and model farms, which will be a wonderful help to his church and school. He has, in six years, in a community where neither church or school had ever been, organized and built a church with over 100 members and a good strong school.

Some other small improvements have been made where badly needed. We have helped to secure two or three pianos, organs and sewing machines for various schools, and to establish Domestic Science departments in three more schools. Many *more* needs have had again to *wait* over another year.

Plans have been made for using the Building Fund of the year just closed, and of *these* you will hear next year.

Through the work being done by the Board in the use of your contributions, we are now in touch with over fifteen thousand pupils in 126 schools. These students are gladly availing themselves of the opportunities for Christian education and training, even through much self-denial and difficulties. Many, many more, are longing for such privileges, begging to be taken in or given more schools. God is blessing the work, His Spirit is leading them to come out on the Lord's side, showing by their daily life, their sincerity—"By their fruits ve shall know them." A visit to any of our schools will convince the most skeptical that the gospel of Jesus can transform a negro into an honest Christian citizen God wants them brought into His kingdom. They are accessible, teachable and hungering—they know not for what. Jesus said. "Seek ye first the kingdom of God and His righteousness." How shall they know which are "first things," except they be taught? Shall we not make supreme effort to reach and christianize the negro children of this generation? Is it not our duty?

In two or three states the public school system is being somewhat improved, and in many instances our graduates are sought for as teachers, at a much better salary than our own Board can afford to pay, and while public schools cannot be called Christian,

yet it certainly has a more wholesome effect to have an earnest Christian teacher in charge, who can in so many ways exert an influence for good, and in this way our work is helping to raise the whole standard of education.

In a number of instances, where boards of education have had teachers' examinations, for white and negro, our own graduates have received the highest percentage and grade certificates. This has its effect also in raising the standards, and one needs but to read the magazines and papers of the day to learn that conditions are improving in negro education and usefulness. The students of our schools are not the ones who are so lazy and worthless, filling the jails of our country and shocking communities with their crimes. They are employed in many industries besides teaching, filling places of usefulness and trust. Would that we had the means to reach the multitudes who can be reached and saved!

Changes do come to us in our office force and the Board was compelled to accept the resignation of Miss Annie E. Irwin, who had been the faithful book-keeper for 17 years. It was with the greatest regret that we parted with her, but she had been training Miss Esther Bradley for more than a year and she is able to fill the position with satisfaction.

Rev. J. M. Gaston was elected Associate Secretary for the Board a few months ago and is fast becoming familiar with the various phases of the work, and is a most acceptable speaker in presenting our cause.

Our Box work has not been so extensive as formerly. The "hard times" may have affected this branch of our work, but these same "hard times" fall very heavily on our poor ministers and people, so boxes are always needed somewhere, and we are always glad to give addresses to those who wish to send, and you can feel that your contributions of this kind give comfort and pleasure, but they will not help us pay a teacher's salary or a scholarship.

We are always ready to answer promptly every letter or request for literature, also to furnish speakers to tell you of the work and its needs—whenever it is possible. If Presbyterial meetings could be arranged with reference to a series of meetings we could be able to attend many more—for their dates so often conflict.

The more you know of our work the more interested you will become. Subscribe for the "Home Mission Monthly" and "Over Sea and Land" and read them, get our leaflets, keep in touch with what is being done each year, and you will be glad to share your blessings, and be blessed.

To the Woman's Board of Home Missions, for many kindnesses and courtesies, we are deeply grateful. Also to the Synodical and Presbyterial officers who have faithfully presented our cause to their societies. And to the auxiliaries, young people and Sabbath schools, we wish to express our gratitude for your prayers and your interest which have kept up the steady stream of offerings which keeps our treasury going and makes it possible to give you this record of work done.

When we sum this up—much has been done, and yet how little compared with our opportunities. Who shall answer for the multitudes which have had to be passed by—Those who came to our schools and could not be received because of lack of room and teaching force? They may never now be reached—they have gone on down the "broad road," no one to gather them in when they were within reach.

This work grows in answer to your prayers. God's way of blessing is to give us more work, more responsibilities. Shall not the work accomplished and the greater needs, be an incentive to more earnest effort in this coming year? Will not a "quenchless, restless passion to rescue and redeem" so stir our hearts that we will increase our giving?

Will you not step up into a higher plane of service, and still say—"Lord, what wilt thou have me to do," and keep your eyes, ears and heart open to God's calls?

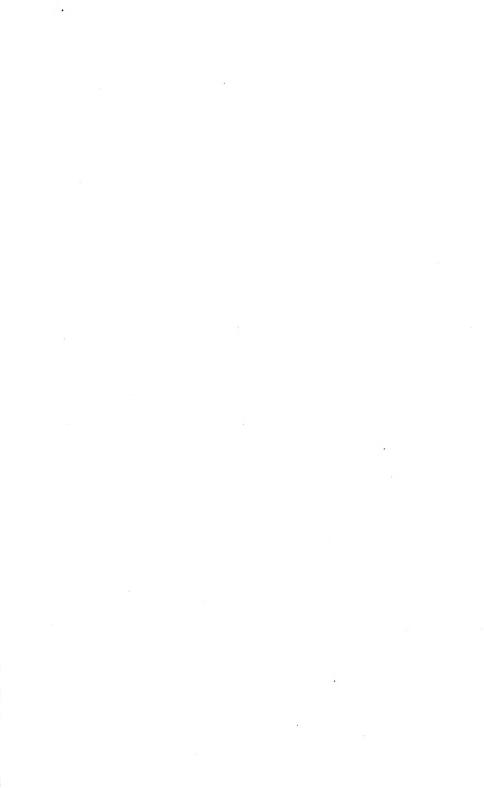

"May the God of peace make you perfect in every good work to do His will, working in you that which is well pleasing in His sight, through Jesus Christ our Lord," is the prayer of

Your Secretary,

SUSAN L. STORER.

With gratitude to God for the goodness and mercy that have followed it throughout the year, The College Board presents to the General Assembly its Twenty-eighth Annual Report.

The Board has held all its regularly appointed meetings throughout the year, with good attendance of its members, and has given diligent attention to the widening scope of the work committed to it.

The Rev. E. C. Ray, D.D., so long the Secretary of the Board and later its Office Secretary and Assistant Treasurer,

retired from the duties of the office, on account of his health, on November 1, 1910. The Board records its appreciation of his long and useful service, his high character as a Christian gentleman and as a brother beloved by his fellow Secretaries. The Board elected as his successor the Rev. George Rutger Brauer, pastor of our church in Setauket, N. Y., who assumed the duties of the office on November 1, 1910.

The Assembly of 1904 reorganized the Board with the intention that it should serve two purposes: First, that it should be the agency of the Church in collecting and disbursing the moneys that come to its own treasury from churches and individuals—a work sufficiently important in itself; and, second, that it should be the agency of the Church for collecting information and reporting to the Assembly what the churches and individuals are doing for the cause of Christian education in direct gifts to our institutions in cooperation with the Board, which constitute the larger part of the benevolence of the Church and its constituency to this department of the work of the Assembly. The reports made by this Board to the Assembly through the past seven years have aimed to show the result of this twofold purpose.

The Board has found the colleges and academies soliciting gifts from our churches and individuals promptly ready to make full reports of the gifts thus received by them. individuals giving to them have appreciated the assurance that the institutions they were helping were thus properly approved by the Church and that their gifts were properly safeguarded by the Assembly through this Board. In the financial part of this Annual Report all gifts received by the Board and those received directly by our institutions are as carefully distinguished as our bookkeeping will permit. From that report the loyalty of the colleges to the purpose of the Church, the indefatigable industry and self-denial of the college presidents and the liberal response of our people are abundantly evident. Both the Board and the college presidents are glad to give the credit for the financial total where credit is due—to the churches and individuals who made that total possible.

It was the desire of the Board that the Secretary should personally visit as many of the colleges as possible. It has proved impossible to cover the whole field within the year. The Secretary has now visited 46 out of the 68 institutions on our list, and traveled over 37,000 miles in doing so. There are problems arising in each college peculiar to itself which cannot be satisfactorily solved by correspondence and which require repeated conferences between the governing board of the college and the Secretary of The College Board. The Board feels that this should become an increasing function of its work in order that it may deal with the colleges in the most intelligent and practical way.

CONSTITUTION AMENDMENTS.

It is important that the changes made in the Constitution of the Board by the Assembly of 1909 should be repeated in this place, that all concerned may know exactly what constitutes a Presbyterian college. The Assembly of 1909 amended the 5th section of the Constitution to read as follows:

- "5. The College Board shall be the agency of the Church for the following purposes:
- "(a) To secure and receive moneys and other property for the benefit of any needy college or university which is (1) organically connected with the Presbyterian Church in the United States of America, or (2) required by its charter to have at least two-thirds of its Board of Control members of said Church, or (3) actually under Presbyterian approval at the time of receiving assistance." (The words "Presbyterian approval" in the above mean that a Synod or Presbytery may send a committee of visitation to any such college to learn the quality of the work done by it, and to report thereon; or it may receive a written or an oral report by the president or other appointed officer of the college on the quality of the work done, and express its approval or disapproval accordingly, and transmit its findings to this Board for the adjustment of its relations to said college.)
- "(b) To cooperate with such institutions as it is authorized to assist, as promote and maintain high educational standards,

spiritual culture and thorough Bible teaching, to the end that persons contributing funds for such institutions may be assured that their students will be under positive Christian influence.

- "(c) To awaken interest, diffuse information and stimulate prayer in behalf of the institutions which it is authorized to assist.
- "(d) To cooperate with the institutions which it is authorized to aid, and assist in securing endowments for them.
- "(e) To cooperate with local agencies in determining sites for such new institutions as it is authorized to assist, and in consolidating weak institutions.
- "(f) To decide for which of the institutions it is authorized to assist it will seek endowments, and to which of them it will make grants for current expenses; and, for this purpose,
 - "(g) To secure an annual offering from the churches."

FINANCIAL SUMMARY.

The following table presents a summary of all contributions received from all sources by the Board and by our institutions for college work within the Church year 1910-1911. Board is happy to report that contributions have been made by 4,966 churches, an increase of 700 churches over last year. Their total contributions were \$162,145.89. Of this amount \$58,169,66 was received by the Board toward the appropriations for current expenses made by the Board to the colleges not yet adequately endowed. The Budget Committee advised the Board last year to solicit and expect a 10 per cent. increase of gifts from the churches for this purpose. As the amount received last year was \$54,807.80, the increase this year closely approaches that expectation. The amount of church collections going directly to our colleges, by arrangement with the Board, is \$103,976.23, so far as reports have been made to the Board up to March 31. There has been an increase in the number of Sunday-schools, Young People's Societies and Women's Societies contributing to this cause, and we are pleased to notice the beginning of contributions from Men's Societies.

RECEIPTS FOR 1910-11.

LEGACIES.

The Board reported last year that it had been notified that the late Mr. John Stewart Kennedy, of New York, had bequeathed to it an amount which was conservatively estimated at \$750,000. The Board would now report that on February 23 it received from the executors the sum of \$750,000 in advance of final accounting by the executors and as a matter of convenience to legatees.

With earnest gratitude the Board would repeat on its record its most earnest appreciation of the largeness of the bequest and the liberal Christian spirit in which Mr. Kennedy made it, and of the most prompt and sympathetic manner in which the executors of the estate have dealt with this Board. The Board would also here speak the appreciation and gratitude of those of our colleges which shared Mr. Kennedy's generous benefaction, which is greater in the aggregate than that bequeathed to the Board.

At a time when the Christian college is not without its critics, when the interest of some, even Christian men, was hesitating, this observing Christian man laid the emphasis of his judgment and his wealth on the value and importance of the work our colleges are doing. Essential as the Christian college is to the liberal education of men preparing for their theological course in the seminary, this is but a part of its mission. It has been repeatedly shown that it is necessary not only to the Church that makes it, but to the well-being of the State in which it does its self-denying work. Its appeal is not only to our Christian convictions, but also to our patriotic convictions as citizens of a well-ordered country.

The need of aid for current expenses on the part of the smaller colleges and those not yet adequately endowed is constant and increasing. All the church collections coming to the Board are entirely paid out in appropriations to such colleges to assist in meeting this need. This leaves nothing in the Board's treasury with which to meet the unexpected emergency needs that arise in colleges, and which comparatively small gifts from the Board would materially assist in

meeting. The Board has therefore decided to keep the John Stewart Kennedy Fund intact, that the income of it may enable the Board to meet these emergency needs as they shall present themselves from time to time, and as the Board may determine.

COLLEGE CHARTER CONDITIONS.

Much inquiry has recently come to the Board concerning the charter conditions of our colleges. The Board has secured copies of the charters of most of our colleges and has made an abstract of the conditions on which the college trustees must be elected, which may be found on page 18 of this Report. In this schedule the charters are reported according to the three divisions into which the Assembly of 1909 classified our colleges: (1) those organically connected with the Presbyterian Church in the United States of America, or (2) required by charter to have at least two-thirds of their Boards of Control members of said Church, or (3) actually under Presbyterian approval as to their work.

GIFTS OF INDIVIDUALS TO COLLEGES.

It has been the custom of the Board to publish an alphabetical list of the names of the individuals contributing to our college work. It is discovered, however, that such a list was largely used by unauthorized solicitors not representing our colleges, to the annoyance of the benevolent patrons of our work, and for this reason the Board does not publish the names this year. What individual gifts have been made to colleges will be found in Schedule C of this Report, page 32, where the names of the colleges and the amounts they received from individuals are given.

The Board recognizes and appreciates the constant liberality of these individual friends of Christian education and their courteous treatment of our presidents as they present the needs of their colleges. The Board would again ask them to use, as far as they desire, the form of deed of gift provided by the Board, in order to secure their moneys permanently for the uses for which they are given.

MEMBERSHIP.

The terms of office of the following members expire at this time, and they are recommended to the Assembly for reëlection:

Ministers.

- J. Ross Stevenson, D.D., Baltimore, Md.
- J. G. K. McClure, D.D., Chicago, Ill.
- Minot C. Morgan, Summit, N. J. T. A. Wigginton, D.D. Nashville.
- T. A. Wigginton, D.D., Nashville, Tenn.

Laymen.

Louis H. Severance, New York. James H. Post, Brooklyn, N. Y. Henry L. Smith, New York.

Thomas W. Synnott, Wenonah, N. J.

John H. MacCracken, Ph.D., New York.

All of which is respectfully submitted.

Robert Mackenzie,

Secretary.

New York, May 2, 1911.

THE POLICY OF THE BOARD.

The Policy of the Board is based on the Constitution framed for it by the Church through the General Assembly of 1904, 1908, 1909 and is summed up in one word—Co-operation.

The Board will co-operate (1) with givers, (2) with Presbyterian Colleges, and (3) with both givers and colleges to secure co-operation between them.

1. Co-operation with Givers.

The Board will endeavor to awaken, inform and stimulate the Church in behalf of Presbyterian Colleges.

It will offer the fullest and most reliable information, both about the college cause and the individual college, and regarding the relation of the Church to education and its colleges.

It will in no way try to dominate givers and their gifts, but will seek only to ascertain and carry out the desires of givers.

It will seek to safeguard funds committed to it or secured with its co-operation, as givers may desire, or, when no desire is expressed, as the interests of the colleges and the Church require.

It will, when desired to do so, act as Trustee of funds committed to it, investing them with paramount consideration of safety; holding them permanently if the giver so directs, or, if the giver prefer, temporarily, until conditions prescribed by the giver are fully met, disbursing the income derived from them in accordance with the wish of the giver.

It is instructed by the Assembly to have all gifts for Christian Education within our Church either passed through its Treasury or reported to it, that its reports may show from year to year what sums and from what sources are given to this cause.

2. Co-operation with Colleges.

A Presbyterian College is one which either (t) Is organically connected with the Presbyterian Church in the United States of America, owned or controlled by an ecclesiastical corporation of the Church; or (2) By perpetual charter provision has two-thirds of its Board of Control members of this Church; or (3) Is affiliated with this Church by the predominance of adherents of this Church in its foundations, Board of Control, Faculty and student body. The term "College" is commonly used herein as including universities.

The Board will seek neither to dominate colleges nor to carry them. It will co-operate with them.

Colleges not yet recognized in the Board's report, desiring approval and co-operation, are requested to send to the Board's office for blanks on which report of their ecclesiastical, educational and financial status may be submitted to the Board.

The Annual College Conference will be asked to act in an advisory capacity toward the Board in all matters in which an ecclesiastical corporation, administering trust funds, may properly accept information, opinions and advice from a body of experts in educational matters and college detail.

The Board will seek primarily to stimulate colleges to selfhelp, and their home fields to the utmost limit of support and endowment because a college, to have a hopeful future, must ordinarily be strongly based in the affection, prayer and giving of its vicinage.

To co-operate in securing endowment for the colleges is an important function of the Board and to that it will give much attention. Co-operation with colleges which have little or no endowment, in securing aid for current expenses until their endowments are reasonably adequate, is a necessary missionary function, and for this cause the Board solicits and expects annual collections from all our churches.

AID FOR CURRENT EXPENSES.

The Board will consider applications for annual aid toward current expenses of colleges.

Application is to be made by the Trustees of the College, in formal meeting, filling out a blank which the Secretary will furnish on request and will send to aided institutions April 1. Applications made for the first time should be accompanied by the fullest information regarding the history and prospects of the institution.

The Annual Board Meeting for voting on applications is held on the first Tuesday in June. Applications must be in the Secretary's hands by May 1. If the Trustees cannot meet in time for this, the Executive Committee should send an application as nearly as possible like that which the Trustees will probably adopt; and the formal application, adopted by the Trustees, should reach the Secretary as soon as possible. Institutions withholding applications beyond the date of the meeting, and giving no satisfactory explanation of the delay, will be regarded as expecting no aid from the Board for the ensuing year.

Applications of colleges must have the formal approval of their synods endorsed upon the applications; applications of academies, the approval of their presbyteries. Yet as there is often no meeting of the ecclesiastical body held between the making of the application by the Trustees and the June Board meeting, unendorsed applications will be voted on at the June meeting; but exact duplicate applications, approved and endorsed by Synod or Presbytery at the Fall meeting, must be sent to the Board before any appropriation will be confirmed.

The Board will vote at the Annual Meeting appropriations to the amount covering its expected available resources for the current fiscal year. Applications not on file for the Board at its June meeting cannot be acted on until the next meeting, in November, and then only if unexpected funds for that purpose have come into its possession. The endorsement of Synod is the endorsement of the College as worthy to receive aid for current expense from the Board, in such amount as the Board may be able to grant.

Payment of one-half of the appropriation for the year will ordinarily be made in December, and the second-half pay-

ment will ordinarily be made in June. When the conditions governing an appropriation are not met before December 15th of the year in which the appropriation was voted by the Board, the appropriation shall lapse. The Treasurer is authorized to pay appropriations only on condition that a college shall satisfy the Board in the following particulars:

- (1) That it requires all regular students to take systematic Bible study as a part of the curriculum required for graduation in accordance with the agreement between The College Board and the Annual College Conference held on May 16, 1906; 144 hours are the minimum for required Bible study in the college course, 36 hours are to be given each year;
- (2) That it has in its Faculty only such teachers as can be regarded as exerting a positive Christian influence over the students;
- (3) That its financial administration is conservative and safe;
- (4) That it has used every reasonable effort to secure funds from its vicinage, within agreed presbyterial or synodical lines;
- (5) That it carries adequate insurance on its buildings and their valuable contents; and
- (6) That no mortgage is placed upon the property without previous consent in writing by the Board.

The Board will co-operate most heartily with Colleges

- 1. That are evidently needed, conditions of population and location of other educational institutions being considered.
- 2. That have local interest, opportunity for growth and promise of permanence;
 - 3. That do educational work of high grade;
- 4. That seek to form Christian character, influencing students toward Bible study, saving faith, right living and consecration to service; and
- 5. That are prudently and conservatively financed, in estimating probable income, in preparing budgets of expenses, and in the investment of permanent funds. Colleges may

never properly, under any conditions, use endowment or special funds, even temporarily, for current expenses or deficit. Such a course is regarded as a misuse of trust funds. Colleges will be expected to carry adequate insurance on their buildings and other destructible property.

3. Co-operation with Colleges and Givers to Secure Co-operation Between Them.

The Board will endeavor, in co-operation with colleges, to make known to givers the nature and needs of Presbyterian educational institutions.

It will endeavor, in co-operation with colleges, to secure gifts:

(1) The Board will expect every church to make an offering for the cause.

Colleges approved by the Annual College Conference and the Board, and recommended for aid on current expenses, may solicit and receive the College Board offerings of the churches in their home regions as may be agreed to by the Board.

As the Board must depend mainly on church offerings for funds to pay appropriations voted for unendowed colleges and academies, it is expected that stronger colleges—while seeking individual gifts and, on occasion, additional special offerings from the churches—will not attempt to secure the regular College Board offerings for themselves.

(2) The Board will expect much from individual givers.

Colleges will be asked to restrict their solicitation of funds in outside fields only as the Annual College Conference may advise and the Board approve.

The Board requests that colleges, planning to solicit funds outside of their home fields, will first consult with the Board, that the interests of all co-operating parties may be conserved; otherwise it will be understood that such colleges will not ask or expect any special co-operation from the Board.

- (3) The Board will seek for its own Treasury:
- (a) Very large gifts and legacies for use in accordance

with the expressed wishes of donors, or, if such wishes are not expressed, for use in the discretion of the Board;

- (b) Smaller gifts and legacies for emergency aid to colleges.
- (4) The Board will seek for colleges approved by the Annual College Conference and the Board:
 - (a) Large gifts and legacies for permanent endowment.
- (b) Smaller gifts and legacies for colleges recommended for aid on current expenses. These should ordinarily take the form of Scholarships, paying the tuition of a student, from \$50 to \$100 a year; Professor's Chairs, from \$500, when a free residence is provided by the college, to \$2,000 a year; and Sustentation, carrying the actual annual deficit of a college, from \$2,500 a year upwards. Any of these may be given for a single year; but it is in every way better that they should be pledged, by an individual, by a church, by the churches of a city, by a presbytery or by a synod, for from two to five or ten years while the college is securing endowment. Thus the interest of the giver may be localized in an individual college or several colleges and, if the college continue to commend itself to him, lead to increasing and permanent co-operation between them.

The Board will always seek first, in co-operation with a college, to develop the interest and gifts of its home field, both for endowment, for temporary aid in Scholarships, Chairs and Sustentation, and in emergencies, and afterward in other fields, as may seem wise and practicable.

- (5) The Board will expect from Colleges:
- (a) Monthly reports of gifts received from churches, church societies, individuals, legacies, etc.

The Treasurer of the Board will send to all Presbyterian universities, colleges, academies and schools of which the Board may have knowledge, blanks on which all such gifts shall be reported.

(b) Gifts reported by approved colleges and academies, on the special blanks prepared for their use by the Board, will be treated as receipts of the Board. Treasurers of such institutions are Deputy Treasurers of the Board, authorized

to handle and account for College Board gifts secured in co-operation with the Board and sent by the giver directly to the college. Church offerings so reported will appear on the books of the Board, and in its Annual Report, in the list of contributing churches; the amounts given by individual givers, in classified totals, in the alphabetical list of colleges.

The Board will report in its Annual Report to the Assembly, all gifts passing through its treasury and also all gifts received directly by the colleges when reported to the Board as above.

Academies.

- r. The Board does not see its way clear to approve the establishing of any new academy in the northern section of the country, where the High School development is already marked.
- 2. The Board will consider applications regarding academies in the southern section as on a different basis, emphasizing, however, its feeling that such institutions will in most cases be temporary in their character.
- 3. The Board finds that changed educational conditions render impossible the effective maintenance of academies with the resources at the command of the Board. The Board adopts, therefore, the policy of withdrawing from academic work, except where academies are connected with Presbyterian colleges.
- 4. This statement has reference solely to academies independent of colleges, the Board continuing its hearty approval and its offers of assistance for academic departments of colleges.

REPORT OF THE GENERAL ASSEMBLY'S STANDING COMMITTEE ON THE COLLEGE BOARD.

AT ATLANTIC CITY, NEW JERSEY, MAY, 1911.

The following Report by the Rev. Robert Watson, D.D., of Cincinnati, Ohio, Chairman of the Assembly's Standing Committee on this Board, was unanimously adopted:

The Annual Report of The College Board, together with the Minutes of the Board, have been placed in our hands. Examination of the Report and the Minutes, and consultation with the Secretary of the Board, impresses your Committee first with the wide extent of the work done. Fifty-seven colleges and seven academies are reported as sustaining relations, more or less close, with the Presbyterian Church and as receiving financial aid, directly or indirectly, from this Board or through the influences and denominational interests which it represents. The student enrollment of these 64 institutions during the past two years has been as follows:

	1910.	1911.
College students	6,815	7,317
Preparatory students	4,199	4,172
Other students	8,309	7,751
Total students	19,142	19,167

WHAT IS A PRESBYTERIAN COLLEGE?

All these 64 institutions claim, or have applied to them at times, the Presbyterian name. The Assembly declares that a Presbyterian college is "(1) organically connected with the Presbyterian Church in the U. S. A., or (2) required by its charter to have at least two-thirds of its Board of Control members of said Church, or (3) actually under Presbyterian approval at the time of receiving assistance."

The approval of a Presbyterian college, as the term is used in the above definition, is defined by the Board as follows:

"The words 'Presbyterian approval' mean that a synod or presbytery may send a committee of visitation to any college to learn the quality of the work done by it, and to report thereon; or it may receive a written or an oral report by the president or other appointed officer of the college on the quality of the work done, and express its approval or disapproval accordingly, and transmit its findings to this Board for the adjustment of its relations to said college."

In addition to the institutions described by this technical definition there are others whose history, associations and constituency ally them with the Presbyterian Church. In a real, though not in a formal sense, they are Presbyterian and actively Christian.

FUNCTION OF THE BOARD.

This description of a Presbyterian college suggests a statement of the purposes of the Board. It is the authorized agency of the Church for the promotion of Christian education. Prevailing conditions will indicate its specific activities in any given locality. The newer portions of the country remain yet to be occupied or developed by such agencies. In such regions, or in those somewhat more developed, where local support is impossible or inadequate, the financial help of this Board should first be given. The Assembly organized the Board that it might first of all, by means of the Christian college, redeem the possibilities of the future wherever through all the great West there remain such opportunities. This being the primary function of the Board, any undesignated funds coming into its treasury, together with the time and strength of its working force, belong first to the struggling, unendowed college, provided such a college ought, in its particular place and circumstances, to live. It is conceivably quite as much the function of the Board, under given circumstances, to kill a college as to make it live, and the Board should be as brave and honest in doing one thing as the other. Only so can the respect and confidence and money of the giving public be secured.

But the Board is the agency of the Church in all the work of higher education. Its sympathy, moral support and good offices of whatever kind, should be extended freely to the older and stronger institutions which bear the Presbyterian name. If money should remain after providing for the needs of that class of institutions indicated as having the first claim upon the Board, it may be freely given wherever it may promote higher Christian education, the twofold object of which is the developing of personal Christian character and the training of mind and heart for some form of Christian service.

This Board should be a kind of clearing-house for accurate and reliable information with regard to Presbyterian colleges. It should so gain the confidence of the Church that men and women having much or little money to give will seek it as an adviser and be guided by its suggestions. It should, so far as is practicable, become a distributing agency or a custodian of trust funds for the benefit of colleges.

CHANGE OF OFFICERS.

We note with regret the retirement of Dr. E. C. Ray after a long, devoted and efficient service, both in Chicago and New York. His work through many dark and doubtful years was a labor of love, memories of which will long cheer and inspire those who followed him.

He is succeeded as Office Secretary by the Rev. George R. Brauer, who

enters upon his work with the utmost earnestness and promise of large success. Many new and helpful features in the current Report of the Board attest his fitness for the position.

WHAT IS A CHRISTIAN COLLEGE?

A Christian college is one which develops Christian character and purpose in its students. While doing this it also gives the best training to the mind which its equipment and ideals permit. Christian character on the part of the student is not necessarily secured by charter stipulations, by synodical oversight or even by Bible study. The one essential thing, in accomplishing the purpose of the Christian college, is Christian character and influence on the part of its teachers. No other foundation than this can be laid for Christian education or for a Christian institution. To this end, great care should be taken in the selection of the trustees and president of a college. For if such president or trustees be not earnest and loyal in their Christian belief there is little assurance that the faculties of the institutions will remain permanently Christian in their influence.

THE SECRETARY.

Dr. Mackenzie has been in office as Secretary of the Board a little more than one year. During that year he has visited 46 out of the 64 institutions on the Presbyterian roll, traveling over 37,000 miles in so doing. He has made every college man his friend and aroused great hopes that the things dreamed of for our Presbyterian colleges may be accomplished with his help.

Finances.

In referring to the Board's finances, your Committee would first of all express its hearty approval of the clear and comprehensive statement of receipts and expenditures as such statement is presented in the Board's Report. Two or three things the Committee desires to emphasize. First, The College Board, as has been already stated in this report, is the authorized representative of the Church in its interest in higher education. far as is practicable, the specific results of the efforts of the Church in promoting this cause should be accounted for in the Board's Reports. The Committee therefore approves of the form of the financial statements adopted by the Board, which accounts not only for funds which pass through their hands, but also for other and much larger amounts sent directly to institutions but given because of the interest of the givers in the cause represented by the Board. The form of statement now adopted seems to analyze and distinguish, as fully as is practicable, the various kinds of funds reported. The Committee would emphasize, however, its view that the total of all such gifts, including both such amounts as are sent directly to the Board's office in New York and such other amounts as are sent directly to the colleges, be considered the total income to be accounted for by the Board.

The Committee wishes to explain one term used in the classification of receipts, for the benefit of many college men and others who do not appear to understand it. The term referred to is "Coöperation." Under this designation comparatively large amounts are accounted for. Included in this total are church offerings taken in synods within which Presbyterian colleges are located. In order to secure local interest and " so obtain larger gifts, such offerings, with the permission of the Board, are sent directly to the local college. Such offerings are, however, distinctly a portion of the Board's legitimate income. In the 1911 Report the total of such offerings not passing through the hands of the Board but sent directly to the colleges and reported by the colleges to the Board and so included in their total of receipts, is \$103,976.23. This large item is as really a gift from the Board to the colleges as though it were sent to the Board's office and from there distributed to the colleges. be added to the total of \$58,169.66 which was sent directly to the Board's treasury. The total of church offerings received by this Board should therefore be considered \$162,145.89 instead of the smaller item already mentioned. It is coöperation on the part of the Board which secures to the colleges nearly two-thirds of the total amount collected by the churches for this cause.

The term coöperation also applies to the large item of \$506,338.05, which includes gifts sent directly to the colleges by individual givers who give only because of their interest in the cause represented by the Board. Many of them stipulate that their gifts shall be considered as received from the Board. At other times the Secretary of the Board may accompany the college president in his visit to a giver. He may make long journeys to talk with givers or to help adjust difficulties. There may be no immediate results and these activities of the Board's representative may not even be known to college presidents or trustees, but they constitute real coöperation with the colleges, and gifts traceable to these combined efforts of the colleges and the Board are classified under this head.

The Report states that the bequest received during the year from the estate of the late Mr. John Stewart Kennedy is kept intact, the income only to be used, at the discretion of the Board, in aiding colleges in cases where such use of this income will be a stimulus to other givers.

SECURITY FOR GIFTS TO COLLEGES.

Our attention has been called to the rule now in force requiring colleges to give to the Board a deed of gift or a cumulative mortgage for funds granted for aid on current expenses. It would seem to your Committee that when an institution has secured an endowment of not less than \$100,000 it is sufficiently well established to secure by that fact the use of such funds permanently to the cause of higher education, and we would suggest that in the future, if it seems wise to the Board, no security be asked of such institutions for gifts granted to aid in current expenses.

Pensions.

The question of pensioning the aged or invalid teachers in Presbyterian colleges is urgently before the Church. Overtures have been sent up from several presbyteries and synods requesting action in this direction. We are informed that a movement has been inaugurated looking towards coöperation on the part of the various Reformed Presbyterian churches in accomplishing this object. We would suggest that the President and the Secretary of The College Board be appointed to represent that Board and the Assembly in such negotiations as may be possible during the ensuing year, and that they bring a report upon this subject to the next Assembly.

THE LARGER WORK.

Your Committee believes that The College Board may and should aspire to be the agency of the Church in securing for our colleges, of whatever kind, far larger gifts than have yet been secured. Its Secretary and its associates should so win the confidence of the men and women of wealth, whether in the Church or out of it, as to lead ultimately to great gifts for this cause. Since much time and labor must necessarily be expended in this effort and the field to be covered is far larger than can be successfully covered by any one man, your Committee would suggest to The College Board the advisability of securing, as soon as possible, one or more assistants who may work with Dr. Mackenzie in this effort for the enlargement of the work of the Board.

RECOMMENDATIONS.

We submit the following recommendations:

1. That the Minutes of the Board, which have been examined and found in order, be approved.

2. That the financial report of the Board, duly audited by a public

accountant, be approved.

- 3. That President John H. MacCracken and the Secretary, Dr. Robert Mackenzie, of the College Board, be appointed to represent the Board and the Assembly in any negotiations that may be possible during the ensuing year looking towards united action on the part of Presbyterian and other Reformed Churches in securing the endowment of retiring allowances for aged or disabled teachers in our colleges.
- 4. That in the future colleges having endowments of not less than one hundred thousand dollars, at the discretion of the Board be not required to give security by deed of gift or mortgage for appropriations by the Board for aid on current expenses.
- 5. That the following members of the Board—Rev. J. Ross Stevenson, D.D., Rev. J. G. K. McClure, D.D., Rev. Minot C. Morgan, Rev. T. A. Wigginton, D.D., and Messrs. Louis H. Severance, James H. Post, Henry

L. Smith, Thomas W. Synnott and Dr. John H. MacCracken, whose terms of office expire with this Assembly, be reëlected for a term of three years.

In the place of the Rev. John F. Carson, D.D., who by the Assembly's action is removed from this Board by his election to the moderatorship and consequent membership in the Executive Commission, we would recommend the election of Mr. William Sloane of New York, to complete Dr. Carson's unexpired term of two years.

Chairman, Auditing Committee,

College Board of the Presbyterian Church in the U.S.A., 156 Fifth Avenue, City.

SIR:-

We have examined the accounts of the Treasurer of the Board for the year ending March 31st, 1911, and have verified the Balance Sheet published herewith, which in our opinion presents the correct financial condition of the Board.

We have found on file proper vouchers for the expenditures, and the contributions shown on Schedule B have been properly accounted for.

The cash and securities on hand have been verified either by actual count, or evidences of deposit.

Respectfully submitted,

Patterson, Teele & Dennis, Certified Public Accountants.

THE COLLEGE BOARD.

SCHEDULE K.

GIFTS FROM INDIVIDUALS.

It has been the custom of the Board to publish under this Schedule an alphabetical list of the names of the individuals contributing to our college work. It is discovered, however, that such a list was largely used by unauthorized solicitors, not representing our colleges, to the annoyance of the benevolent patrons of our work, and for this reason the Board does not publish the names this year.

SCHEDULE L.

RECEIPTS FROM LEGACIES.

Note. —An italicized word after a name indicates that the bequest was made directly to an institution.

GOD'S WORLD.

One who never turned his back, but marched breast forward; Never doubted clouds would break;

Never feared, though right were worsted, wrong would triumph; Held we fall to rise, are baffled to fight better, sleep to wake.

I hold not with the pessimist that all things are ill, nor with the optimist that all things are well. All things are not ill, and all things are not well, but all things shall be well, because this is God's world.

Thirtieth Annual Report 1911.

Presented to the General Assembly at Atlantic City, N. Y.

OUTLINE OF THE YEAR'S WORK.

Ending April 1, 1911.

- 1. Nearly 1000 meetings have been held by our representatives in 29 States and Territories. Beside assisting in many no-license campaigns in New York, New Jersey, Pennsylvania, West Virginia, Ohio, Michigan, Indiana, Illinois, Wisconsin, Minnesota, Texas, New Mexico, Arizona, California, Florida, Oklahoma, Nebraska, Missouri and Oregon, addresses were delivered before Synods, Presbyteries, Ministerial Associations, Theological Seminaries, Universities, Colleges, High Schools, Temperance Institutes, Sunday School Conventions, Y. M. C. A's., Chautauquas, Presbyterian Churches and Sunday-schools. A prize of \$25.00 each was provided for a prohibtion oratorical contest in some of the Theological Seminaries and Colleges.
- 2. The equivalent of more than twenty milion (20,000,000) pages of literature in ten languages was supplied to the institutions mentioned in paragraph one. This literature went into every State and Territory in the Union, to South Africa, Central and South America, Canada, Corea, India, Ireland, Scotland, England, Alaska, the Philippines, Cuba, Porto Rico, Ceylon, Mexico, East and West Indies, Russia, China and Bulgaria. Large quantities were supplied in the temperance campaigns above mentioned.
- 3. Beside supplying literature free to thousands of Presbyterian organizations we have furnished it at cost to applicants in almost every sister Church in the United States, and some in Canada and European countries.
- 4. A column has been supplied each week in some of the Presbyterian papers, a supplemental lesson has been prepapred for each quarterly temperance lesson in the Westminster Senior Quarterly. Some phase of the question has been presented in each issue of The Assembly Herald. Many new tracts have been issued and most of the standard ones reprinted.
- 5. More than twenty-five thousand (25,000) personal communications have been sent out, including a letter to most of the Sundayschool superintendents in the entire denomination, so far as we have had their names and addresses. Many thousands of requests for information have come from pastors, elders, Sunday-school teachers, Christian Endeavor officers, Missionary Societies and other interested individuals.
- 6. One hundred thousand (100,000) copies of a temperance program, including responsive reading and music, with recitations occompanying, prepared by the Committee, were used by our Sabbath-schools. Nearly one hundred thousand (100,000) Art Pledge Cards were ordered by Sunday-school superintendents and teachers.
- 7. The Temperance Deliverances of the Assembly have been supplied to our churches. The fourth session of the National Inter-Church Temperance Federation was held in Washington, D. C., Dec. 9—11, 1910.
- 8. Two Secretaries and three lecturers have been employed during the entire year and four additional lecturers for a part of the year, one of the latter speaking Spanish and the other various Slavic languages. These with the stenographers are the only persons drawing salary.
- 9. THE AMETHYST, official organ of the Committe, has a circulation of 75,000 and increasing rapidly.
- 10. The receipts for the year have been \$29,130.95. Thus at small expense and with a limited number of workers the Assembly's Committee has served a denomination numbering more than one million three hundred thousand communicants, with fully twice as many adherents and reaching into almost every part of the world.

With profound gratitude to God and in humble dependence upon his continued favor the Permanent Committee on Temperance respectfully presents its Thirtieth Annual Report to the General Assembly. Whether we consider the extent and variety of its work, the efficiency and acceptability of its representatives, the appreciation of and demand for its literature, the financial support or the general favor with which it is regarded by the Church at large, the past year has been in all respects the best in the history of the Committee.

The difficulties in pioneering an enterprise of this kind cannot easily be appreciated. The older agencies of the Church have the advantage both of a longer history and the experience of similar agencies in sister churches. Being the first agency of the kind and the most active, we have had not only

to chart the sea, but to make our own compass.

The social customs of centuries, the habits of thought and mental attitude of nations, the influence and example of prominent people, the glamour of history, the perverted interpretation of the Bible, the conservatism of institutions, the power of corrupt political organizations, false theories of government and an individualistic philosophy, which fails or refuses to recognize the corporate responsibility of the community, and the energy required to overcome the inertia of ignorance, prejudice, appetite and greed, must all be taken into consideration in estimating the progress of this reform.

Office Work.

Some details of the work may be gathered from the outline on page two. The rapidly increasing constituency of the Committee and the more general recognition of the value and reliability of the information which it supplies has largely increased the office work. The number of requests for information on specific subjects is one of the indications of confidence on the part of the public which has multiplied the personal correspondence several times the last few years.

Field Work.

The requests for the service of our lecturers are so numerous and cordial that we could profitably use many more in addition to those we have if the Church would supply the funds to pay them and persons could be secured who would maintain the high standard of our present staff.

Dr. J. M. Fulton, Miss Marie C. Brehm and the General Secretary, all of whom have been with us several years, are in constant demand. We have been fortunate also in securing the service, for a portion of their time, of other representative workers, among whom are Rev. Wm. Parsons, D. D., of

Portland, Oregon, and Rev. Duncan C. Milner, D. D., of Chicago. Both of these brethren have consented to give us such

portion of their time as other duties will permit.

Throughout the year we have employed a Spanish-speaking representative to labor in New Mexico among his own race. Recently, Mr. Andrew Kozak, a Bohemian, who speaks many languages, has been engaged to distribute literature and do personal work among the foreign-speaking people of Western Pennsylvania. Through him we hope to protect some of the people coming to our shores from imposition and exploi-

tation by unworthy and wicked men.

Without expense to any individual or organization in the state Dr. Fulton and the General Secretary assisted in the campaign for state-wide prohibition in Missouri. Rev. Dr. Garvin, of Kansas City, Kansas, and some of our pastors also assisted for a longer or shorter period. The same kind of work was done in Florida. In Oklahoma your Committee paid the traveling expense of a number of our ministers who generously gave time and valuable assistance in the campaign in that state. Miss Brehm, our lecturer on scientific temperance, has spent the year on the Pacific coast, rendering valuable service in campaigns in several large cities, and especially in the state campaign in Oregon. We hope also at an early date to secure a colored man to work among people of that race in the South.

Finance.

A larger number of churches and Sunday-schools than ever before have contributed to the support of the work during the past year. In some cases the amounts have been smaller than formerly, owing to the budget and apportionment recommendations of the Executive Commission. On the whole, however, we believe the budget plan will work for the good of all concerned. We approve of churches adhering to their schedules, both as to time and manner of making their contributions, regardless of a visit by one of our representatives.

The Amethyst.

No feature of our work is of more value or has proved more acceptable to our people than THE AMETHYST, the official organ of the Committee. While less than four years old, it has a circulation of nearly 75,000, which, so far as we know, is larger than any single edition of any temperance paper published in the United States. We have reason to believe that within the year it will pass the hundred thousand mark. By furnishing fresh, reliable information, in a condensed form, to Sunday-school teachers, pastors and others, it supplies a need generally felt.

Pledge Cards.

Total abstinence for the individual lies at the base of the temperance reform. It is one wing of the bird of which prohibition is the other. Both are needed. The large demand for the art pledge cards which are furnished upon application, indicates a revival of interest in this branch of temperance effort. There would seem to be no valid reason why our pastors or Sunday-school superintendents should look to outside organization for supplies, while our own Church is prepared to furnish them, without charge, equally attractive in form and having the additional advantage of being approved by the Church.

The Federation.

The National Inter-Church Temperance Federation, of which your Committee is a part, held its annual meeting in Washington, D. C., December last, at which meeting papers of permanent value were presented by leaders of the reform. This Federation maintains a Bureau of Information at the National Capital, which supplies the constituent bodies with information concerning pending or desirable legislation, giving information when and to whom petitions, letters, telegrams, etc., should be sent. This Bureau also secured an appropriation by Congress of \$4,500.00 to pay the expense of representatives of the government to the Thirteenth International Congress on Alcoholism, which meets at The Hague in September of this year. Thus far the support of this Bureau has come from personal contributions and individual churches. is commended to the public by temperance leaders in both Houses of Congress, as well as by the constituent bodies of the Federation.

Temperance and Insurance.

We call attention to the following important document given to the public by the Federation:

The National Inter-Church Temperance Federation, having made careful investigation of the relation of temperance to life insurance, both in America and Europe, calls attention to the following facts: . .

- 1. January 1, 1910, there were in force in American companies 36,860,583 life insurance policies and certificates aggregating \$25,175,797,538, the cost of carrying which, for 1909, was \$884,068,763.
- 2. That the beverage use of alcohol in any form or in any quantity tends to shorten life.
- 3. That the experience of American companies confirms the experience of European companies that the mortality of abstainers, between the ages of twenty-five and sixty years, is, on an average, from 30 per cent. to 40 per cent. lower than that of non-abstainers and the dividends of the abstainer therefore higher.

- 4. That it is therefore manifestly unjust to impose on abstaining policy-holders, with their more favorable mortality, the higher rate of premium necessary to carry the non-abstainers, whose personal habits make them impaired risks. Obviously each class of risks ought to bear its own losses and no more.
- 5. That in view of these facts this Federation, officially representing eight denominations with a membership of more than 11,000,000 communicants and probably twice as many adherents, respectfully requests the life insurance companies of North America to establish total abstinence departments, and petitions the several denominations through their governing bodies to take similar action, to the end that abstaining policy-holders may receive the lower rate of premium or the higher rate of dividend to which the experience of such departments may entitle them.
- 6. That recent investigations of this Federation have discovered only two old line (legal reserve) companies in North America, one in the United States and one in Canada, which at present maintain a separate classification for abstainers. Others, however, have the subject under consideration, and we suggest that prospective purchasers of life insurance request companies soliciting patronage to respond to this most just and reasonable request.
- 7. That whatever may be the merits of any company which has only a general classification it would become additionally beneficial to abstainers by the establishment of the department here suggested, since it would insure a lower rate of mortality, lessen the cost of rejections, tend to prevent lapses, attract a preferred class of risks and prove of vast importance in promoting the cause of temperance among the people.

Respectfully submitted,

CHARLES SCANLON, Secretary.

New Phases of Work.

The Committee has purchased new temperance slides for use in stereopticons, which may be had by our churches upon request and the payment of transportation, together with a small sum for repairs. The plates have been selected with care, and it is believed will prove instructive and interesting.

The Committee offered a prize of twenty-five dollars (\$25) each to several of our Colleges and Theological Seminaries for a prohibition oratorical contest, all of the orations to treat some phase of the temperance question, and the contest to be held with the approval and under the direction of the faculty. Among those which have been reported to date are Occidental College, Los Angeles, California; Washington & Jefferson College, Washington, Pa., and Lane Theological Seminary, Cincinnati, O. Others will be placed on the list as soon as the conditions are met. It is proposed to make this an annual affair, and the colleges mentioned will so announce in their catalogues.

The presentation of the temperance reform in our Theo-

logical Seminaries by our secretaries has been an important event of the past year. Princeton, Lane, Louisville, McCormick, Western, Omaha, Dubuque, San Francisco, Bloomfield and Lincoln University have all been visited. Gratifying reports of these lectures have reached us from both students and faculty. It is believed that because of this presentation the young men will enter upon their work with larger knowledge of and deeper sympathy with the reform than they would otherwise have done.

Maine and Texas.

Texas votes on the enactment of a prohibitory constitutional amendment July 22nd. Maine votes on the repeal of her constitutional prohibitory amendment on September 11th. It is needless to say that the liquor interests of the nation will mass their forces in these two states. Your Committee found the experiment of working through the pastors and elders in Oklahoma so satisfactory that an offer has been made to one hundred of our pastors in Texas to pay their traveling expense up to a specified amount if they can make some addresses in behalf of prohibition. They are acquainted with the conditions and the people, they are on the field and are not subject to criticism as outsiders, or aiding for selfish purposes. For these and other reasons it is an economical and effective means of aiding the cause.

The whole world is interested in and to some extent will be affected by the result in Maine, because of the fortitude with which she has maintained her law for more than half a century against the persistent and determined attacks of the liquor interests, because of the moral influence which victory will have on the nation we do not feel that she should be left to fight her battle alone, but that every Church and every temperance organization and every friend of righteousness should give her both moral and financial support in this crisis. Your Committee proposes to co-operate with the allied forces of Maine to prevent this evil from again gaining legal sanction

in that Commonwealth.

A New Era.

At the session of the General Assembly of the Presbyterian Church in Philadelphia, May, 1811, the report on the state of religion deplored the alarming prevalence of intemperance in strong and earnest language. At the same session Benjamin Rush, M. D., whose wife and mother were both Presbyterians, and who himself had been a Presbyterian, presented to the General Assembly one thousand copies of his essay on "The Effects of Ardent Spirits," accompanying the donation with a letter urging them, as he had repeatedly done before, to take some decisive action on this question. A Com-

mittee was appointed, who favorably considered the subject, and reported the following resolution:

"Resolved, That Rev. Drs. Miller, Milledoller, Romeyn, and Rev. Messrs. James Richard, M'Neice, E. S. Ely, Gardiner Spring, Dr. John R. B. Rogers, Col Henry Rutgers, and Mr. Davie Bethune, be a committee to endeavor to devise measures, which, when sanctioned by the General Assembly, may have an influence in preventing some of the numerous and threatening mischiefs which are experienced throughout our country by the excessive and intemperate use of spirituos liquors; and that this committee be authorized to correspond and act in concert with any persons who may be appointed or associated for a similar purpose and report to the next Assembly."

This action of so influential a body of ministers awakened great interest. Rev. Daniel Dorchester, D. D., the Methodist temperance historian, says:

"The General Assembly set in motion a ball, whose onward progress was destinated never to cease. The nail was at last 'driven in a sure place'. The result of this action can be traced through certain definite links to the present time *** all other later temperance movements may be clearly traced, link by link, to the movement of Dr.Rush."

"This action of the Presbyterian General Assembly was immediately brought before other ecclesiastical bodies in different parts of the country, awakening favorable responses."

Delegates from the General Assembly of the Presbyterian Church were sent to the General Association of the Congregational Church of Connecticut, to present this question, and it was in connection with the report which was made in answer to their memorial that gave occasion to Lyman Beecher's temperance report, which became historic.

Rev. Geo. P. Fisher, D. D., in his history of the Reformation, says:

"The four most prominent events of modern history are the invasion of the Barbarians, which blended the German and Roman elements of civilization, and subjected the new nations to the influence of Christianity; the crusades, which broke up the stagnation of European society, and by inflicting a blow upon the feudal system, opened a path for the centralization of the nations and governments of Europe; the Reformation, in which religion was purified and the human mind emancipated from sacerdotal authority; and the French Revolution, a tremendous struggle for political equality."

The action of the Presbyterian General Assembly in 1811 on the temperance question may justly be named as a fifth event ranking with the four mentioned by Dr. Fisher, because intemperance tends to neutralize the influence of Christianity which the blending of German and Roman elements of civilization fostered; it tends to the stagnation and disintegration of nations which the crusades tended to stimulate and centralize; it tends to corrupt religion which the Ref-

ormation sought to purify; it tends to both social and political inequality against which the French Revolution was a protest. It is therefore appropriate that this General Assembly recognize the wisdom and importance of the action taken one hundred years ago and express its determination, with divine help, to "lengthen the cords and strengthen the stakes" of this reform.

Memorials.

The Permanent Committee has complied with the instruction of the last Assembly in memorializing Congress and the President on various matters pertaining to temperance, which are under the jurisdiction of the Federal government.

Congressional Legislation.

During the year Congress appropriated \$75,000 to continue the work of suppressing the liquor traffic among Indians of the United States, and \$12,000 for the protection of native Alaskans against the same evil, the latter appropriation being new.

The prohibition of the sale of intoxicants in National Soldiers' Homes was again provided for in the Sundry Civil Appropriation Bill and financial aid refused in State or Territorial Soldiers' Homes which might permit its sale, of which, fortunately, there are none. \$4,500 was appropriated by Congress to pay the expenses of delegates to be appointed by the President to the Thirteenth International Congress on Alcoholism, which meets at The Hague, Holland, September 11-16, 1911.

The Canteen.

We are reliably informed that there is a secret but concerted effort being made by the liquor interests to secure the re-establishment in the army of the so-called canteen or liquor saloon. That it would be detrimental to the service, injurious to the men, unjust to the parents of the soldiers, a menace to the community and dishonorable to the nation, must be apparent alike from experience and the testimony of leading army officers. Such action would be contrary to the tendency in the British army, and to the advice of Emperor William to the soldiers and sailors of Germany. Our Church should utter its protest against any such wrong being done.

Interstate Traffic.

The shipment of liquor by one device or another into territory where its sale is legally forbidden, continues to be a source of annoyance, and is so manifestly unjust to communities which have forbidden this traffic, as far as they of themselves are able to do so, that it is hoped the Assembly, with renewed emphasis, may call upon Congress to enact such legis-

lation as will afford adequate protection against this wrong.

The Consumption of Alcoholic Liquors.

There has been much discussion and some confusion as to whether the per capita consumption of alcoholic liquors is increasing or decreasing, and the reason for it. The following tables are taken from THE NATIONAL PROHIBITIONIST of April 6th and 13th, 1911, and are based upon government reports and other reputable authority:

Per Capita Consumption in Gallons for Ten Years.

Year	Spirits	Wine	Beer	Total
1901		.36	15.98	17.65
1902	1.34	.61	17.18	19.14
1903	1.43	.47	17.67	19.57
1904	1.45	. 52	17.91	19.87
1905	1.42	.41	18.02	19.85
1906	1.47	. 53	19.54	21.55
1907	1.58	.65	20.56	22.79
1908	1.39	. 58	20.26	22.22
1909	1.32	.67	19.07	21.06
1910	1.43	.65	19.80	21.88

Comparing 1901 with 1910, we find that our per capita consumption of SPIRITS has made a total increase of .12 gallons. Our per capita consumption of WINE has made a total net increase of .29 gallons. Our per capita consumption of BEER has made a net increase of 3.82 gallons, while the total dose of alcoholic poison swallowed by the American citizen in 1910 was 4.23 gallons MORE than in the first year of the century, 1901.

What It Costs Man By Man.

Dividing the total drink bill by 93,333,000 (which will probably be found to agree substantially with the population estimate adopted by the Bureau of Statistics), we find that the per capita drink bill in the year 1910 was \$24.17. Multi-

plying this by 4.6, the size of the average American private family, according to the Census of 1900 (the estimate for the Census of 1910 is not yet available), we have \$111.18, the annual drink bill of the average American family.

More Facts for the Fight.

Hon. James M. Miller, of Kansas, discussing this question in the House of Representatives, March 4th, 1911, is reported in the CONGRESSIONAL RECORD of that date as follows:

It is not denied that the amount of both distilled spirits and fermented liquors produced and consumed during the last fiscal year has increased over the amount for 1909. It is highly interesting to note, however, that there is a very material decrease in both the consumption and production of liquors in the revenue districts, comprising prohibition States, while the increase is largely in three or four of the States where the license policy prevails.

It is important to notice also that while there is an increase in the total production and consumption of liquour, as compared with the year before, yet there is a substantial decrease in comparision with the fiscal year of 1907. The reason for this showing is indicated by the fact that while during 1910 there was no backward step, and some additional counties and communities were put in the "dry" column, yet the number of these districts that became "dry" during 1910 was not so large as the aggregate of those which went "dry" during either of the two previous years; subsequently the amount of decrease in the sections that were added to the no-license list was not sufficient to offset the continued increase in the large cities and the license States.

The figures of the internal-revenue report simply emphasizes this fact, showing, as it does, a continued decrease in the prohibition States, but a large increase in the license States.

In this connection it is perhaps worth while to notice the comparative size of the liquor industry in the prohibition and license States. The total amount of distilled liquors produced in Maine, New Hampshire, and Vermont during 1910 was 597 gallons, while that of New York, with five times the population of these three States, was 8,775,394 gallons.

The distilled spirits produced in the prohibition States of Alabama, Mississippi, Georgia, and North Carolina for the year amounted to 17,774 gallons, while in licensed Pennsylvania, with about the same population, the amount was 9,322,097 gallons.

The total production of distilled spirits in Tennessee, Kansas, Oklahoma, and North and South Dakota was 619,034 gallons, while that of Illinois was 38,027,381, all of which simply goes to show that but for nullification of the spirit of the State prohibitory laws by the provision of the Federal interstate-commerce law, the liquor traffic in the prohibition states would be decidedly a thing of the past.

One thing which should be made clear to the public and emphasized is that the increase in per capita consumption of alcoholic liquors in the United States is due to the great increase in the License states in spite of the decrease in prohibition states.

Facing the Facts.

When all allowances are made for false and garbled statistics, deliberate falsehoods and misleading statements, the fact remains that there is alarming increase in the use of alcoholic liquors in the UNITED STATES AS A WHOLE, which it is unwise to ignore or explain away. Only harm can result from deceiving the public by charts which indicate a rapid advance in temperance legislation, and by boastful statements about making "the map all white," while we are doing

nothing of the kind.

During the past year Florida, Missouri and Oregon tried for but failed to secure state-wide prohibition. In 1909 Alabama tried to change the statutory to constitutional prohibition, but failed, and has since lost her state law and gone back to the county unit. Indiana lost her county unit in favor of a township and municipal law, under which the saloon has come back in many large towns. The repeal of prohibition, which has been in force in Maine continuously since 1858, is to be voted upon in September. In Pennsylvania a pro-liquor legislature refuses even a hearing on a modest local option bill. New Jersey seems to be firmly in the grasp of the liquor oligarchy. In New York and other states little or no advance is being made. Arizona and New Mexico have no adequate temperance provisions in their proposed constitutions.

The bright spots of the year are the election of a reform governor in Tennessee against the efforts of the liquor interests, and the vote by an increased majority to retain prohibi-

tion in the constitution of Oklahoma.

What Is the Remedy?

Laws honestly and ably enforced are efficient, but of themselves are not sufficient. Both law enactment and law enforcement depend upon fundamental education, which declares frankly and everywhere for total abstinence and prohibition.

It must be made plain that the guilt of the liquor traffic is not simply individual. When a community votes for a saloon and men sign petitions and bonds in its favor, and a patron of that saloon, under the influence of liquor, kills his wife and is brought before a jury composed of the men who signed his bonds and the judge who gave the license, WHO WILL OR CAN JUSTLY DISTRIBUTE THE GUILT? Somebody is responsible for the legalized liquor traffic in the nation, in the state and in every community where it exists. It is not the abstaining men who work and who vote against it; it is not the abstaining women who, in most of the states, have no vote even on this question, nor is it the little children who lift their baby hands to God and cry for mercy. Who is responsible? Those who use it and excuse it, who vote for it or do nothing against it. The Church, through her ministers

and officers and courts, must not fail to declare the whole council of God against its iniquity. Any other course, is a betrayal of the trust of citizenship and treason to the great Head of the Church.

In spite of the efforts of outside organizations this monster continues to wreck and destroy and devour with increased sway. The united Church can overthrow this evil; she ought to do it, she must do it, and will do it. While the Presbyterian Church leads every denomination in the world in the scope and activity of her temperance effort, she has only begun to exercise her power.

"The reward of what little the Church has already done for civic and social reforms is this—it is expected to do more. It is a terrific thing for the Church to be expected. Its duty is serious enough when it has to thrust itself on a world that doesn't want it. But when the world is wanting it and waiting for it, then the responsibility ought to make the Church quake. If it fails then, it squanders apportunity, and trades an offered respect for an earned contempt. It not only disappoints God, but betrays humanity."

SUMMARY OF THE GEN. ASSEMBLY'S TEMPERANCE ACTION.

Rev. Charles M. Alford, D. D.,

Chairman of Standing Committee.

RESOLUTIONS.

- 1. The work and the workers of the Assembly's Permanent Committee are highly commended.
- 2. Churches and Sunday-schools are requested to subscribe for THE AMETHYST.
- 3. The Permanent Committee is directed to give assistence in the campaigns in Maine, Texas and other states.
- 4. Every Presbyterian church in the denomination is urged to send an offering to the Assembly's Temperance Committee.
- 5. Former deliverances of the Assembly are emphasized warning all Presbyterians to have no part in and give no encouragement to the liquor traffic.
- 6. The Committe is authorized, if need should arise, to borrow money to the extent of six thousand dollars (\$6,000) for current expenses.
- 7. The members of the Committee whose terms have expired are reelected.
- 8. Satisfaction is expressed at the decrease in the consumption of alcoholic liquors in prohibition territory.
- 9. Congress is asked to furnish adequate protection to prohibition territory against interstate shipment of intoxicating liquors.
- 10. The grant of \$1,000,00 by the Board of Publication and Sabbath-school work for literature for the Permanent Committee on Temperance is approved.
- 11. Life insurance companies are asked to consider the equity of placing abstainer in a separate class and the Committee authorized to try to secure said action.
- 12. The Permanent Committee is authorized to incorporate so as to be able to receive bequests and hold property.
 - 12. The "white slave traffic" is denouced.
- 14. The Permanent Committee is authorized to join with others in the circulation of a petition asking for national prohibiton.
- 15. The government is asked to discourage and discontinue the use of alcoholic liquors in the diplomatic and consular service.
- 16. Hereafter, the popular temperance meeting of the Assembly is to be held the 2nd Thursday, instead of the 2nd Friday.
- 17. The Assembly joins with the church people of Atlantic City in their desire for the enforcement of Sabbath and temperance laws.
